Cleveland	0	2	0	1	0	0	0	0	— 3
Brooklyn	0	0	0	0	0	0	1	0	— 1

Ebbets Field, Brooklyn, Oct. 5.—The Cleveland Indians won the opener of the world's series here, 3 to 1, Brooklyn being unable to stem the tide with three pitchers.

Each team was credited with five hits, but Cleveland made them count. The Dodgers erred once and the Indians played errorless ball. The game play by play is as follows:

FIRST INNING.

Cleveland—Evans out; Olson to Konetchy; Wambsganns lined to Wheat in deep left field; Speaker fanned. No runs, no hits, no errors.

Brooklyn—Olson flied to Wood; Johnston fanned; Griffith out; Sewell to Burns. No runs, no hits, no errors.

SECOND INNING.

Cleveland—Burns singled past Konetchy and kept on running; Konetchy threw the ball past third; Gardner out; Olson to Konetchy; Wood given base on balls; Sewell singled to right field; Burns scores and Wood takes third base; O'Neill doubled to left field scoring Wood sending Sewell to third base; Coveleski out to Konetchy unassisted; Sewell caught off third base, Konetchy to Johnson. Two runs, three hits, one error.

Brooklyn—Wheat flied to Speaker who made a good catch; Myers flied to Wood; Konetchy out, Sewell to Burns. No runs, no hits, no errors.

THIRD INNING.

Cleveland—Evans given base on balls. Wambsganns delivered a sacrifice hit, Olson to Konetchy. Speaker flied to Wheat. Burns lined to Johnston. Evans was caught between second and third, Johnston to Kilduff. No runs, no hits, no errors.

Brooklyn—Kilduff out, Sewell to Burns; Krueger out, Gardner to Burns; Marquard out, Gardner to Burns. No runs, no hits, no errors.

FOURTH INNING.

Cleveland—Gardner out, Kilduff to Konetchy. Wood doubled to left center field; Sewell flied to Griffith. Mamaux went to bull pen to warm up for Brooklyn. O'Neill doubled to right field, scoring Woods. Coveleski out, Kilduff to Konetchy. One run, two hits, no errors.

Brooklyn—Olson singled over second base; Johnston forced Olson, Wambsganns to Sewell; Griffith singled to center, sending Johnston to second. Wheat flied to Evans. Myers flied to Wood. No runs, two hits, no errors.

FORMER RESIDENT IS DEAD

I. N. Birch Dies at Lexington, Ky.,
And Will be Buried Here

I. N. Birch, formerly of this city, is dead at his home in Lexington, Ky., according to word received here today to the effect that the body would be shipped to Rushville for burial in East cemetery, beside the wife of the deceased, Mary Ann Birch, who died here November 9, 1913.

Mr. and Mrs. Birch lived in Circleville. Following the death of his son, David Birch, who committed suicide February 18, 1915, Mr. Birch moved back to Kentucky, his former home. No details regarding his death or when the body would arrive was received.

"DICE SHOOTERS" ARRAIGNED TODAY

Several Affidavits Filed Against
Alleged Gamblers Who Were
Caught Saturday Night

ANSWER CALL IN PERSON

Judge Sparks "Walks In" on Craps
Game After Failing to Locate
Officers by Phone

Several affidavits were filed this morning in circuit court against some alleged gamblers, who were caught in a raid early Sunday morning, when Judge Sparks answered a call in person, and walked in on the "dice shooters." Two of the persons engaged in the game are said to be minors.

Three of the alleged gamblers were arrested this afternoon and arraigned before Judge Sparks on the gaming charges. Those arrested were Frank Schaeffer, Robert Frazier and Mose Rose, the last two being colored men.

All three entered pleas of guilty and Schaeffer and Frazier each were fined \$10 and costs. The fine in the case of Rose was not assessed today and he was allowed to go on his own recognizance until the fine is imposed. The other two paid their fines.

Other arrests were to be made

TO MAKE THE MILROY MEETING A BIG EVENT

Republicans of Southern Rush Co.
Being Urged to be on Hand
When "Locomotive" Arrives

MAKE PARADE IN RUSHVILLE

Preparations were being made today by County Chairman Fon Riggs and his assistants to make the visit of the Harding and Coolidge "G. O. P. Special" at Milroy late Wednesday afternoon a republican meeting for the southern half of Rush county.

Plans were practically abandoned for having the "Special" visit New Salem and Richland, but instead republicans from Orange, Richland and Noble townships were being urged to drive to Milroy for the meeting there. The schedule call for the "Special" to leave Greensburg at four o'clock, arriving at Milroy between 4:30 and 5 o'clock, but like all specials, it is expected to run late and it is doubtful if the Milroy meeting will be finished before six o'clock.

The "Special" will be met at Milroy by a caravan of automobiles from Rushville. The party will be accompanied by the Odd Fellows band and a drum corps from this city. Delegations from the southern part of the county are expected to accompany the crowd back to Rushville for a parade and a short street meeting, probably immediately after supper. The locomotive will not remain here all night because of an engagement at Connersville in the evening.

Ghosts in The Night Keep City Firemen in an Uproar

Attempted Holdup is Thwarted and
Woman's Suit Case is Recovered
After Chase

'BANDITS' ALL MAKE GETAWAY

Between one and two o'clock this morning excitement ran high in the business district, when an attempted hold-up was thwarted and a snatch thief lost his nerve and dropped his loot in an alley.

A woman alighted from the last car from Indianapolis about one o'clock this morning at the traction station and put her suitcase down, while looking around to ascertain where the nearest hotel was located.

When she set the suit case down, a man grabbed it, and ran east on Third street, to the narrow alley between the City Restaurant and Dr. W. C. Smith's office. The man turned north in the alley and the woman was in close pursuit.

She didn't venture down the alley but let out a few screams, that awakened the fire men, who helped her investigate the trouble. After

so long a time, the police were on the job, and the snatch thief evidently lost his nerve, as the suit was found at the rear of Wyatt & Company's store.

After the firemen had again retired and everything was quiet, a man hammered on the door of the fire station, yelling that he was being robbed of his automobile.

The firemen again went to the rescue. The man in his excitement said that his machine was left on the corner and when he went to get in it, three or four men held him up at the point of a revolver, and demanded that he surrender the machine to them, at the peril of his life.

The man had a faint recollection where the police headquarters were, and made a run for it, at the same time letting out a few yells.

When the firemen appeared, the four bandits had disappeared in the dark, and the stranger cranked up his "flivver" and went on his day.

Through all of the excitement, the police slept on.

THREE LAW SUITS FILED IN COURT

Marriage Contract is Assailed in
Complaint Against Isabelle Beaver
for \$400 Judgment

TWO SUITS ARE ON NOTES

One Filed by Franklin Building &
Loan Association of Oldenburg
Against James Kratzer

Three suits were filed today in circuit court, one being a complaint on a contract, and the other two being suits on a note and demanding that the mortgage on properties in Rushville be foreclosed.

Ethel Abercrombie brought suit on a contract against Isabelle Beaver, demanding \$400 judgment. The complaint states that the defendant is the third wife of the late George H. Beaver, and is the heir to his estate.

On account of children by the former marriages, the marriage contract is assailed. The plaintiff is this action is the second wife. Three children and one set of grandchildren are named as his descendants by the wife of a first marriage, also two descendants; the plaintiff and Oma Stevens. His descendants by the wife of a second marriage, and one son, James Beaver, is named as the child by the last marriage, against whom the action is based for alleged violations of the marriage contracts.

The deceased, at the time of his death owned 106 acres of land in Posey township, Fayette county, near Laurel, and the plaintiff avers that during their married life he purchased by the toil of their labor, 35 acres of land, also in that vicinity.

The Franklin Building and Loan Association of Oldenburg has filed suit against James Kratzer, formerly of this city, but now of California, on a complaint on a note and to foreclose a mortgage on property at Eighth and Willow streets.

The alleged note was given in 1910, and the principal was for \$800, according to the complaint. The plaintiff sues for judgment on the principal, interest and attorney fees, which amount to \$1,282.22.

Another suit filed by the Oldenburg company names Clara D. Lambert, Louis C. Lambert, Alvin Moore and Mary V. Moore, all of this city, and John J. Moorman of Batesville, as defendants in a similar action. The complaint is complicated and dates back to August 1915 when Mr. and Mrs. Moore negotiated for a loan giving Rushville property as security. Mr. Moore has since died, according to the complaint, and the plaintiff alleges that other deeds involve the other defendants.

The Oldenburg company demand judgment on the principal \$525, interest and attorney fees.

CITY IS GRANTED INCREASED RATES

Maximum Charge For Water is
Raised From \$1.85 to \$2.00
a Thousand Cubic Feet

MINIMUM QUARTERLY RATE \$2

Electric Power Schedule Revised,
Making Minimum Three Cents
Instead of Two

The city of Rushville was granted an increase in water and electric power rates on September 30, in an order which was received here today and which became effective last Friday, October 1. The order was issued by the Indiana public service commission.

The maximum water rate was raised from \$1.85 to \$2.00 a thousand cubic feet, the minimum on 75 cents a thousand was left unchanged and the quarterly minimum charge was doubled, being increased from \$1.00 to \$2.00.

Electric power rates were raised from a schedule graduated from five cents to two cents, with an equalizing charge of thirty cents per month per horsepower to the following schedule: Demand charge per month per horsepower fifty cents and energy charge of from five cents to three cents per horsepower per month.

The petition for increased rates was filed on September 11 by the city council and the hearing was conducted in Indianapolis by the public service commission September 28.

The schedule of rates is as follows:

Old Water Rates	
Consumption per month	Per 1,000 cu. ft.
For first 3,000 cu. ft.	1.85
For next 3,000 cu. ft.	1.50
For next 5,000 cu. ft.	1.25
For next 5,000 cu. ft.	1.00
For next 5,000 cu. ft.	.75
All over 21,000 cu. ft.	.75
Per meter	
Quarterly minimum charge	\$1.00
One thousand cubic feet of water being equal to 7480 gallons.	

The present and proposed rates for electric power are as follows:

New Water Rates	
For First 3,000 cu. ft.	\$2.00
For next 3,000 cu. ft.	1.75
For next 5,000 cu. ft.	1.50
For next 5,000 cu. ft.	1.25
For next 5,000 cu. ft.	1.00
All over 21,000 cu. ft.	.75
Old Power Rates	
Consumption per month	Per K.W.H.
From 1 to 500 K. W. H.	\$.05
From 501 to 1,000 K. W. H.	\$.04
From 1,001 to 1,500 K. W. H.	\$.03
From 1,501 and over	\$.02
Per H. P.	
Equalizing charge per month	\$.30

PROVISION MADE FOR ABSENT VOTERS

Application May be Made Now to
County Clerk if Voter Will be Absent
on Nov. 2

MUST BE SICK OR ABSENT

Ballots Will be Mailed Such People
After October 15 if They Make
Proper Application

Applications for ballots to be voted by mail may be filed any time after today with Loren Martin, county clerk. The law provides that such applications may be filed within thirty days before the election. The clerk is not empowered under the law to issue such ballots until fifteen days before election day. The ballots have not yet been printed and the forms cannot be completed by the election commissioners until fifteen days before the election as names of candidates may be added by petition up to that time.

The law specifies that voters who will be kept away from their voting precincts on election day because of business matters and also those who are ill and unable to leave their homes may take advantage of the absent voters' law. Applications for ballots may be made until two days before the election. However, if the ballot has to be sent any distance it is not safe to wait too long to file the application as the clerk may not have sufficient time to mail it so that it can be returned in time to be cast on November 2.

When the ballots are marked and returned to the county clerk he is required to give them to the inspectors of the precincts in which such absentees retain their voting residence. The ballots returned are distributed to the inspectors at the time the supplies for the election are distributed. The inspectors in this county will be called before the election commissioners on Saturday preceding the election day.

If additional ballots are received by the clerk after that time he is privileged to send them to the precincts where they are to be cast by mail, if the time is sufficient, or in his discretion he may have them delivered by messenger. When delivered by messenger the inspector is required to sign a receipt for them.

Conditions are also prescribed for the placing of such ballots in the ballot boxes. The law says:

"Any time between the opening and closing of the polls on such election day, the election inspector of such precinct, in the presence of the election board, shall open the outer or carrier envelope only, announce the absent voter's name and

SUCCESSOR TO RUTH GRONIER IS NAMED

Miss Louise Fort, Graduate Nurse
of Indianapolis, To Fill
Vacancy Here

TO TAKE UP WORK THURSDAY

The Woman's Council appointed Miss Louise Fort, a graduate nurse of Indianapolis, to take the position made vacant by Miss Ruth Gronier, visiting nurse, whose resignation was handed to the council at their regular meeting last Friday at the home of Mrs. T. M. Green.

Miss Fort came here yesterday for the purpose of looking over the situation, and was well pleased with the prospects, and the position was tendered her by the Council. The resignation of Miss Gronier came as a great surprise to the people of Rushville, when announced in the Daily Republican last Saturday. Miss Gronier will leave soon for a visit in Illinois, and on Oct. 31, will be married to H. S. Ryder of North Carolina.

Miss Fort, the successor, will come here Thursday to take up her new duties. She comes highly recommended, and is a graduate nurse of the Robert Long hospital of Indianapolis.

Thought One Clean Shirt All He Needed

"Ten years ago I was reduced to a mere shadow. I was yellow as a gold piece and would often be doubled up with the most excruciating pains in my stomach. Physicians could only relieve me with morphine. I was advised to try Mayr's Wonderful Remedy and it helped me at once. What is more, I have been well ever since. A friend said he thought one more clean shirt all I would ever wear." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At Druggists Everywhere. (Advt.)

WIN PENNANT AFTER FORTY-TWO YEARS

For forty-two years Cleveland has been represented in some major league, the last twenty years in the American League, but not until this season did any of its two score of teams bring home the pennant. In 1892 the Cleveland team, led by Pat Tebeau, finished first in the last half of the season, the campaign being divided, Boston winning the first half. In the post-season series Boston won. In 1908 Cleveland lost the American League pennant by half a game.

INDIANS WIN OPENER FROM DODGERS, 3 TO 1

Continued from Page One
FIFTH INNING.
Cleveland—Evans up, flied to Wheat on first ball pitched. Wambsgans struck out. Speaker flied to Griffith. No runs, no hits, no errors.
Brooklyn—Konetchy up, flied to Speaker. Kilduff popped to Wood in short right field. Krueger out; Gardner to Burns. No runs, no hits, no errors.

SIXTH INNING.
Cleveland—Burns fanned. Gardner flied to Wheat. Wood struck out. No runs, no hits, no errors.
Brooklyn—Lamar batting for Marquard, lined to Sewell. Olson singled to center. Johnson out, Coyleskie to Burns. Olson going to second base. Johnston is credited with a sacrifice hit. Griffith out, Coyleskie to Burns. No runs, one hit, no errors.

SEVENTH INNING.
Cleveland—Mamaux relieved Marquard at the beginning of this inning. Sewell, O'Neill and Coyleskie, each were fanned in succession. No runs, no hits, no errors.
Brooklyn—Wheat doubled to right center, Myers out; Sewell to Burns. Konetchy out, Burns to Coyleskie, who covered first base and Wheat scored at the plate. Kilduff struck out. One run, one hit, no errors.

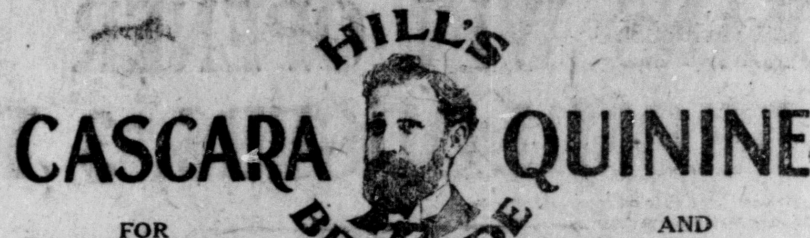

EIGHTH INNING.
Cleveland—Jamieson, batting for Evans, out, Olson to Konetchy. Wambsgans out, Mamaux to Konetchy. Speaker out, Johnston to Konetchy. No runs, no hits, no errors.
Brooklyn—Kreuger lined out to Speaker who made a good catch. Mitchell batting for Mamaux, singled to right field. (Neis running for Mitchell). Olson is walked. Johnston popped to Gardner. Griffith forced Olson, Wambsgans to Sewell. No runs, one hit, no errors.

NINTH INNING.
Cleveland—Smith batting for Burns, is out, Kilduff to Konetchy. Cadore relieves Mamaux in the box for Brooklyn. Gardner out, Konetchy unassisted, Johnston batting for Wood, is out, Cadore to Konetchy. No runs, no hits, no errors.
Brooklyn—Wheat out, Johnston to Coyleskie, who covered first base. Myers flied to Speaker, Konetchy struck out. No runs, no hits, no errors.

FILES POSSESSION SUIT
Agnes Winston today filed suit for possession in Squire Stech's court against Donald Goodson. The suit is for possession of a house, and the plaintiff asks \$12 damages for its retention.

MERCHANDISING

Merchandising means knowing when to buy and in what quantity, when to sell, be it at loss or gain. Knowledge of merchandising has made it possible for this store to go into the markets, to buy wisely and well, and in return to lower cost of merchandise to its patrons to the normal level of the good old days

A trip of inspection to this store will convince you that our merchandise is priced on such a rock bottom price that revising of prices is absolutely unnecessary.

Your Patronage Is Earnestly Solicited.

required to be endorsed. The inspector shall thereupon deposit the same in the proper ballot box or ballot boxes and enter the absent voter's name in the poll book the same as if he had been present and voted in person."

If for any reason the ballot sent by mail is to be rejected the reasons shall be written on the envelope, signed by the inspector and delivered to the county clerk with other ballots to be preserved in case of a contest.

A heavy penalty is provided for violation of the absent voter's law. Every precaution possible is necessary to prevent official ballots from falling in the hands of voters who might endeavor to evade the law. Ballots issued by mail do not bear the initials of the polling clerks until they are marked and returned to the precinct to be cast.

While some voter's law it is not expected that any considerable number of applications will be filed in this county.

CITY IS GRANTED INCREASED RATES

Continued from Page One
New Power Rates

Consumption per month	Per K.W.H.
For first 500 K. W. H.\$0.05
For next 500 K. W. H.04
All over 1,000 K. W. H.03

Equalizing charge per month \$0.50

The commission finds that the total operating revenue of the city plant for 1919 was \$57,089.76 and the total operating expenses were \$35,773.25, leaving a net balance of \$21,316.51. It is further shown that based on the first eight months of this year, the total operating revenue will be \$65,537.85, the total operating expenses \$44,417.76, leaving a net balance at the end of this year estimated at \$21,120.09.

"The above account," the report continues, "shows a gross income for the estimated year 1920 of \$21,120.09, which is equal to a return of 7 per cent on a value of \$301,715. Petitioner estimates the value of its property at approximately \$350,000. The operating expenses in the above income account do not include various items of expense which are borne by the city directly and not charged to the utility. No allowance is made for depreciation in the above income account except to the extent that replacements have been made and charged to the maintenance items. Petitioner estimates that the pro-

Good For Him and His Wife

Hurley L. Watkins, 2308 Lytle St., Louisville, Ky., writes: "I found Foley's Honey and Tar just what I wanted for my wife's and my colds." This famous old cough medicine is just as good for children as for adults. It checks coughs, colds, croup, bronchial coughs, and stops that "tickling" throat that keeps one coughing at night. It contains no opiates nor habit-forming drugs. Prompt and sure in action. F. B. Johnson.—(Adv.)

posed rates will yield additional revenue of approximately \$9,700 a year.

The audit shows that petitioner's accounting is unscientific and is not in accordance with the requirements of the Uniform Classifications of Accounts prescribed by the Commission. Except for a few items which are charged to the water and electric utility directly, expenses are apportioned on a fifty-fifty basis. The electric revenues constitute practically 75 per cent of the total revenues of the plant. The injustice of the fifty-fifty apportionment is further shown by a deficit from water operations for 1919 of \$918.84 and a net revenue from electric operation for the same period of \$22,235.35, although it does not appear that the water rates are any more inadequate, taken as a whole, than the electric rates.

"The Public Service Commission Act clearly requires the company to keep its accounts in a certain manner. The Commission has no discretion in the matter and cannot permit any utility to violate the statute, whether such utility be municipally or privately owned."

STATED CONCLAVE

The Functioning League

The League to Enforce Peace recently issued a statement urging the ratification of the peace treaty, including the league of nations which Mr. Wilson brought back to Paris, and in the statement made the bold assertion that the league is functioning. The League to Enforce Peace, however, apologized for the failure to prevent the Russo-Polish war, declaring that the question did not come before the league but was left to supreme council of the entente to settle.

It is interesting to note, in the light of these allegations of the United States league, that the New York Herald of October 2 recounts that nine active wars are in progress at this moment and that there are no less than nineteen fronts strongly held by the armed forces of various nations.

This is indeed enlightening, in view of the fact that Mr. Cox would like to embroil the United States in each and every single disturbance in Europe by putting the United States in the league of nations as brought home by the president.

Ex-President Taft has shown that a lot of perfectly good breath is being wasted over the league of nations issue because the democrats could not possibly elect enough new senators November 2 to get a two-thirds majority to ratify the peace treaty, but nevertheless the president wants the vote to be a "solemn referendum" on the league issue, and it is taking a prominent place in the campaign.

But in the light of the assertions of pro-leaguers as to what the league will accomplish, it is amusing to read a brief resume of the nine active wars now in progress, as compiled by the New York Herald: The Bolsheviks are fighting the Poles on a front extending from Lithuania to Ukraine, the Poles having a total of more than 625,000 men engaged, and the Bolsheviks with an army variously estimated at from 500,000 to 1,000,000 by conservative counts. Popular reports place the number of the Red forces at much higher levels.

Greeks and Turks are in deadly combat on the so-called Nationalist front, northeast and east of Smyrna. In all 320,000 men are involved, of which the Grecian army is 170,000 and the Turks 150,400, with large reserves behind both armies.

On the British-Turkish Nationalist front at Ismid and the Sea of Marmora the British have had as high as 26,000 men, exclusive of those in Constantinople. These are now being withdrawn for service in Mesopotamia, but there is still vicious fighting in this territory. The Greeks are expected to come in to relieve the departing British forces.

In southern China war is in progress between the provinces of Yunnan and Kwang-Tung, where it is estimated that about 200,000 fighting men are struggling for mastery.

Gen. Wrangel has about 40,000 loyal Russians fighting the Bolsheviks in his front north of Crimea, with as many more effectives in reserve. The Bolsheviks are opposing him with an army conservatively estimated at 35,000.

The Lithuanians and the Poles are defying each other with prospects of much larger engagements. There are 23,000 Lithuanians now in actual fighting against about 12,000 Poles, the Poles standing ready to divert a larger army from their Bolshevik front whenever it seems necessary.

The British in Mesopotamia are engaged in a war more expensive and more exhausting than the South African war. Fighting is said to be general throughout the country, and the number of tribesmen in arms been officially estimated at some 34,000 men. The British, it is said are sending in their troops from Turkey, and now have about 10,000 white soldiers and 60,000 Indian colonials on the fighting line.

The French have their hands full in Asia Minor with the Turks and Arabs. The French army of the Levant numbers about 24,000 men, the minimum strength of their opponents being 20,000 with a large number of reserves to draw upon.

The Italians are fighting the Turks in Asia Minor also, holding a line that runs from Adalia along the southern and eastern shore of the Mediterranean to Sokia, with an army of 8,000 effectives. The Turks oppose them with a large force and also have the assistance of the Arabs.

Extravagant Era Passed

Our era of extravagant buying is about over, and its effect is beginning to be felt.

There is a slow but certain tendency toward a decline in prices, with the prospect that another year may witness a material reduction in the cost of living.

But anything like a sudden drop in all lines is not to be expected. It is rather to be avoided, as it might bring our whole commercial fabric tumbling about our ears in the greatest panic in history. And no sane person wants a panic.

Before there can be any great decline there must first be an adjustment in the cost of labor, as well as materials, and it is difficult to conceive the laboring man voluntarily surrendering a portion of his wage.

That will be the greatest obstacle of all to surmount, and only in the exercise of time and infinite patience can satisfactory results be produced.

A dealer in Bloomington, Ill., was so worried over his inability to secure coal for his customers that he committed suicide. That, however, may not be so bad. It saves him the annoyance of freezing to death later on.

All of our wise and astute politicians are strong for letting the women vote—now that they are going to vote anyway.

When people laugh at what you say, it is a joke. But when they laugh at you, you are the joke.

An exchange will be given in the Fred Caldwell furniture store Saturday morning by the first division of the missionary society of the First Presbyterian church.

Current Comment

Senator James E. Watson
(Petersburg Press)

Senator Watson is not only one of the real leaders in the United States Senate, he is a national figure whose political fortunes in Indiana this year are being watched with much interest throughout the whole country. A special endeavor should be made by republicans everywhere to see that Watson gets the large vote to which his eminent services to his party and his country entitle him.

She'd planned her fall shopping
But the Democrats drove things so high

That the High Cost of Collars
Took all of her dollars
And nary a dress could she buy.

WILEY FUNERAL WEDNESDAY

Funeral services for Lon Wiley, who died in Rushville Sunday night, will be held at the Gowdy M. E. church Wednesday morning at ten o'clock, in charge of the Rev. James L. Brown. Burial will take place in the Moscow cemetery. Mr. Wiley was a member of the Gowdy M. E. church and the Odd Fellows lodge at Blue Ridge.

RURAL DISTRICTS
HELP RED CROSS

Seventy-Seven Percent of Service
Comes From Smaller Communities in U. S.

REST FROM LARGE CITIES

People Are Easily Reached in Rural
Centers and Leadership is
More Numerous

The service of the Red Cross in America may be divided roughly as follows: 23 percent to the cities, 77 percent to the small towns and open country. Of this latter division, the bulk of attention has been centered on the small towns, some of the reasons for this being that the chapter seat has been located there; it has been easier to reach people in groups; leadership is more numerous; and the needs in such places are more easily seen.

But now Red Cross efforts are more and more expanding to include the districts lying outside the towns—the real farming districts. Economic conditions have in the past few years drawn special attention to the country as the source of all production, and at the same time people are coming to realize the fact that the country presents an urgent need for social service.

Red Cross Educational Centers are placing great stress on training for Rural work, and, as a result, leaders are being developed who desire to work with country people. The summer school at Ohio State University this year included a Red Cross course for Rural Community Organizers, the first of its kind to be offered. It is significant that in addition to the regular students of this course, a number of other students attended the class regularly.

One of the most hopeful indications for the success of this work is the fact that the country people themselves realize that there is a distinct field for a Red Cross worker among them. At present the demand far exceeds the supply. In some cases community studies have been made which revealed needs that were wholly unknown to exist. A program to meet these needs very often involves a Red Cross rural worker.

The work of the County Agricultural Agent and the Home Demonstration Agent have already proven its worth. The suspicion that college graduates have been trained away from the country is gradually dying out. It is a comparatively easy task for a trained leader, who understands and loves country life, to gain the confidence and good will of rural people. The spirit of service which characterizes the Red Cross is well-known to country people, and a worker going out under this emblem will receive a hearty welcome and co-operation everywhere.

The Bureau of Rural Service of Lake Division, American Red Cross with headquarters in Cleveland, is promoting social service work in the small villages and outlying country

Woman's Misery

The aches and pains which so many women bravely endure are to a great extent unnecessary.

No Reduction in Price of Oakland Sensible Six

At this time when the public mind is disturbed by sensationally announced price reductions of automobiles and other merchandise and commodities, we desire to give assurance to those who require Personal Passenger Transportation, such as provided by the Oakland Sensible Six, that we do not anticipate reducing the price of our cars.

Starting with the production of the raw material required and continuing through to the finished product, over 80 per cent of the cost of an Oakland Sensible Six is labor.

Over 80 per cent of the cost of all other automobiles produced in large quantities is labor.

When wages paid to labor are reduced, or when labor produces more per man, then may manufacturers of honestly priced automobiles legitimately consider the reduction of their selling prices.

We have not heard of any instance where automobile workers are receiving lower wages.

If wages may be lowered eventually we see no immediate trend in that direction.

In the production of so essential a factor in our economic life as the passenger automobile—increasing as it does the personal efficiency of owners by nearly 57 per

cent—we believe the workers whose toil produces the vehicle should be large beneficiaries of the constructive character of their work.

If abnormal demand has been responsible for over-enthusiastic expansion and inflated profits in certain instances, the wage earner should not be made to suffer as he must if powerful forces effect lower automobile prices whether or no.

True enough, there have been many instances of inflated prices. There has been profiteering. And true enough, abnormal profits must be eliminated.

And that is what has been going on all around you recently—the price reductions you have witnessed in automobiles and other merchandise are the belated shaking out of the abnormal profits. The normal profits are still there.

Manufacturers whose goods have been priced on actual cost to produce, plus normal profit, have no inflated figures with which to appeal to the uninformed public in sensational announcements of "Price Reductions." Prudent, studious buyers will not be misguided by erroneous principles.

Oakland Price Advance in Five Years, Due to Increased Cost of Labor and Material, Only 27.4 Per Cent

In 1915 Model 32 Oakland Sensible Six was put on the market at \$795 f. o. b. factory.

Since 1915 the wheelbase of the Sensible Six has been lengthened five inches, its weight increased about four hundred pounds, its horsepower materially increased, its frame made deeper, and in many other ways the car has been enlarged, strengthened, improved and refined.

If the present Model 34-C had been built in 1915, it is more than conservative to say that, based on labor and material costs at that time, we would have been compelled to list it to sell at \$1095, or more, f. o. b. factory

We are therefore able to say, also with great conservatism, that the present price of Model 34-C represents an increase, due solely to increased costs of labor and material, of 27.4 per cent. Larger production each year has kept this increase at a low figure.

Compare this increase with the increase of other automobiles and with commodities—with the things you buy every day.

Nowhere have we been able to find a standard article of merchandise that has increased as little in selling price as the price of the Oakland Sensible Six.

In the event of unexpected reductions in the cost of the labor and material that enter into the construction of the Oakland Sensible Six to a point where we may properly and legitimately reduce the list price of our cars between October 1st, 1920, and May 1st, 1921, we will refund to every Oakland purchaser who buys within the above mentioned period of time the amount of such reduction.

(This Guarantee Does Not Apply to Used Cars or Former Models)

Corner Second and Morgan Streets

SOCIETY

Mrs. Fred Beale will be hostess for the members of the Chit-Chat club Friday afternoon at her home 710 North Oliver street.

Mr. and Mrs. Charles Stucker, living near this city, had as their dinner guests Sunday, Mr. and Mrs. Will Marshall and children and Luther Pribble of Osgood.

The Tuesday Study Club of Raleigh was delightfully entertained this afternoon at the home of Mrs. Ralph Miles. She was assisted by Mrs. Dell Miles. An appropriate program was given, following which the hostesses served dainty refreshments.

Mr. and Mrs. Charles Dagler entertained a number of friends Sunday at their home north of Hagers-town with a delicious turkey dinner. A basket of fall flowers decorated the center of the table. Mr. and Mrs. Spangler and J. Morris Jones of Columbus were afternoon guests.

Mr. and Mrs. Zeno Hodge and Mrs. Caroline Hoge living west of the city entertained with a prettily appointed dinner party Sunday. Fall flowers formed the centerpiece for the table and covers were laid for Miss Amy Bringle, of Lafayette, Ind.; Charles Long of Duluth, Minn.; Mr. and Mrs. Orman Veatch and Oren Veatch.

Mrs. Nancy R. Davis and George E. Kugelman, both living in Indianapolis, were quietly married today at noon at the St. Paul's M. E. parsonage by the Rev. C. S. Black. After a short wedding trip Mr. and Mrs. Kugelman will reside in Indianapolis. The bridal couple is well known in this city.

Honoring her house guests, the Misses Louise Koons, Kathleen Taylor and Mary Anna McFarlan of Newcastle, Miss Mary Elizabeth Beale entertained a number of her friends Saturday evening at Green's camp east of the city with a wiener roast and a marshmallow toast. Thirty guests enjoyed the evening following the wiener roast with music and dancing.

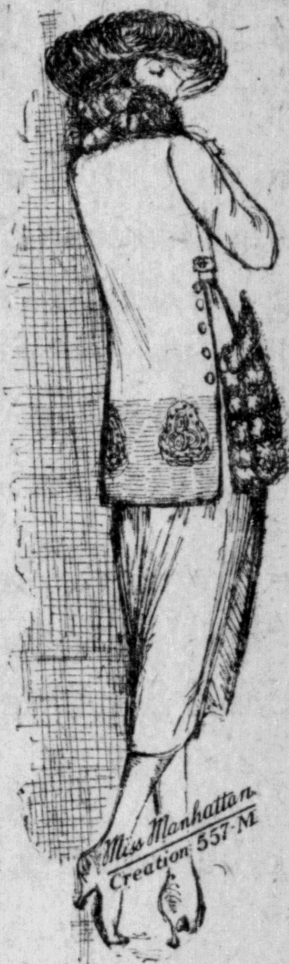

Mr. and Mrs. Emmett Farthing and family entertained at their home near New Salem with a prettily appointed dinner party Sunday. The guests were Mr. and Mrs. Ollie McClellan, daughter Pauline and son Cleo of Orange, Mr. and Mrs. Carlton Chaney, daughter Lona and sons Harold and Dempsey, of Glenwood and Miss Gertrude Angle of Laurel.

Mr. and Mrs. Frank Catt entertained with a prettily appointed family dinner yesterday at their home in North Perkins street. The guests were Mr. and Mrs. W. P. Small, Mrs. Parker and daughter of Albany, Oregon; Mrs. Beckner of Seattle, Wash., John H. Reed, Mrs. John Nelson, Mrs. H. Havens, Mr. and Mrs. Floyd Woods of near Arlington; Mr. and Mrs. Ernest Alexander, of Detroit, Mich., and Mr. and Mrs. Chester Dearing of this city.

Mr. and Mrs. R. Y. Jordan entertained with a family dinner Sunday at their home west of the city, honoring Mrs. C. H. Reede, and the Misses Virginia Jordan and Lena Mae Jordan, of Flemingsburg, Ky. Those participating in the delicious three course dinner which was served are as follows: Mr. and Mrs. Thomas Jordan and family, Mr. and Mrs. Charles Rucker and family, Mr. and Mrs. John Jordan, Mr. and Mrs. Warren Nelson, Warren, Thomas and Herman Jordan and the honored guests.

Mr. and Mrs. Hubert Land entertained at their country home south of Homer Sunday in honor of Ira C. Land and family, of Tabor, Ill., as this was their first visit

"That Well-Dressed-Look"

No matter what style or fabric you pick in a suit or coat what you're seeking most of all is "That Well-Dressed Look."

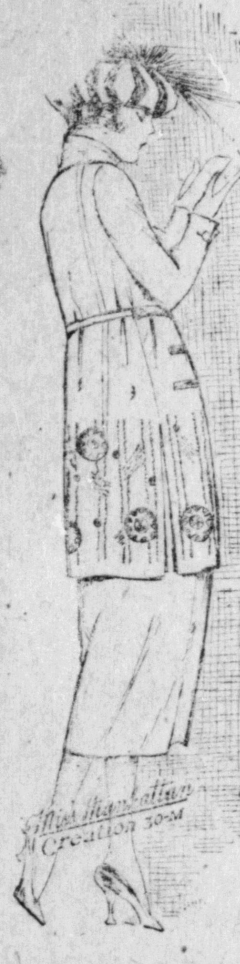

That's what this store sells with every Wooltex Tailor-made and it's guaranteed to last for the entire life of the garment.

In our showing of Wooltex Tailors this season the woman can take her choice of suits for dressy wear; braided and embroidered models; of suits for business wear and informal occasion developed in Suedetex, Tricotine or Almarette or of suits for knockabout wear in Checked Velour, in Jersey or in Coronation Mixture.

In a Wooltex Tailor-made you can always be certain of the finest all-wool fabrics and the most careful tailoring. That means long wear and satisfaction.

The Mauzy Company

The Store That Sells Wooltex

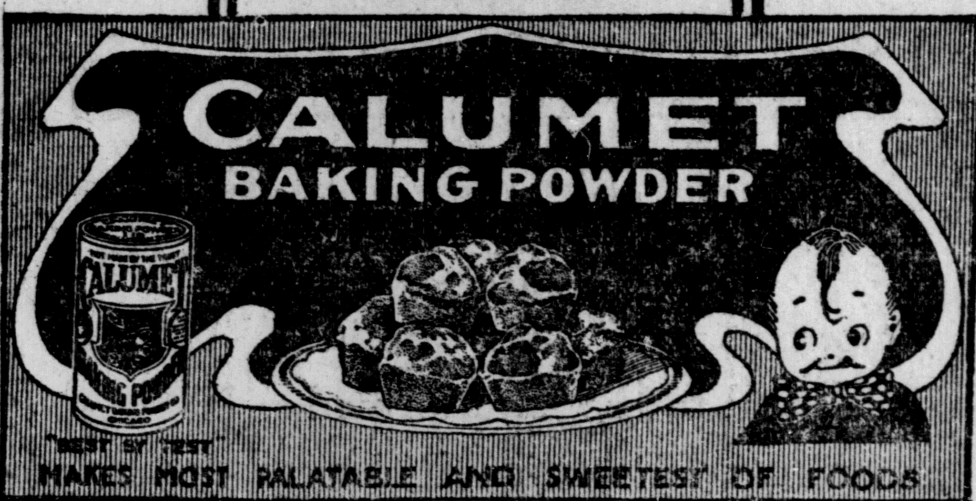

There is no more flattering tailor-made in the world than a really well cut, semi-fitted model. This one in tricotine is set off by the braid trimming on the coat and down the side of the skirt.

EVERY cent you spend over the price of Calumet might as well be thrown away. You don't get a thing for it. You can't get greater leavening strength or greater purity than are offered in Calumet.

Contains only such ingredients as have been officially endorsed by the U. S. Food Authorities.

No matter what you pay you can't secure as much in sound baking powder quality.

You can buy a cheaper baking powder—a little lower in price than Calumet—and much lower in merit. That's the worst kind of false economy.

Calumet never fails. Every baking is perfectly raised—sweet, even and tasty.

Used by millions of housewives and is the largest selling brand in the world.

Pound-can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Graham Muffin Recipe
1 cup of white flour, 1 cup of Graham flour, 1 tablespoon of sugar, 3 level teaspoons Calumet Baking Powder, 1 teaspoon salt, 1 cup of milk, 1 egg well beaten, 1 tablespoon melted butter. Mix in the regular way.

"DICE SHOOTERS"

ARRAIGNED TODAY

Continued from Page One
either later on in the day or early in the morning.

Judge Sparks had delivered a political address in Berne Saturday night, and had returned home late. About one o'clock he received a telephone call to come to the home of a resident in the northeastern part of the city, where the informant asserted was a "craps" game in progress.

The judge couldn't locate an officer, so he went in person, and walked in on the men that were engaged in "shooting craps."

The matter was referred to Prosecutor Stevens and this morning the affidavits were filed in circuit court.

Reports of minors being induced to play for money, has come to the attention of the court frequently, and as the police have not conducted a raid for several months, the judge decided to answer the call in person.

NATIONAL CONVENTION HELD

Elwood, Ind., Oct. 5—Homes were thrown open to members of the National Horse Thief Detective association, which is holding its convention in this city today and tomorrow. The Methodist and Christian churches prepared meals in anticipation of 500 delegates and visitors.

SAY REGISTRATION

IS SATISFACTORY

Republicans are Convinced Larger Percent of Their Vote Than Democrats is Qualified

REPORTS COMING IN TODAY

Reports received at republican headquarters today from the last registration were declared to be eminently satisfactory. The word was given out at headquarters this morning was to the effect that the early indications were the republicans had registered a much larger percent of their vote than the democrats.

Republican precinct workers have been diligent in their efforts since their first registration September 4 to get every republican qualified for voting November 2. They have had an accurate check on every male and female voter in their districts by checking the first registration lists with the poll books.

Chief clerks of the precinct registration boards were reporting to the county auditor's office today and it will only be the matter of a few days until the total number of voters registered will be known. A list of the voters who registered

Ex-Soldier Has a Good Stomach

New Hair Growth After BALDNESS

On legal affidavit, John Hart Brittain, business man, certified to this: "My head at the top and back was absolutely bald. The scalp was shiny. An expert said that he thought the hair roots were extinct, and there was no hope of my ever having a new hair growth. Yet now, at an age over 66, I have a luxuriant growth of soft, strong, lustrous hair! No trace of baldness. The pictures shown here are from my photographs." Mr. Brittain certified further:

INDIAN'S SECRET OF HAIR GROWTH

"At a time when I had become discouraged at trying various hair lotions, tonics, specialists' treatments, etc., I came across, in my travels, a Cherokee Indian 'medicine man' who had an elixir that he asseverated would grow my hair. Although I had but little faith, I gave it a trial. To my amazement a light fuzz soon appeared. It developed, day by day, into a healthy growth, and ere long my hair was as prolific as in my youthful days. That I was astonished and happy is expressing my state of mind mildly. Obviously, the hair roots had not been dead, but were dormant in the scalp, awaiting the fertilizing potency of the mysterious pomade. I negotiated for and came into possession of the principle for preparing this mysterious elixir, now called Kotalko, and later had the recipe put into practical form by a chemist. That my own hair growth was permanent has been amply proved."

How YOU May Grow YOUR Hair

It has been proved in very many cases that hair roots did not die even when the hair fell out through dandruff, fever, alopecia areata or certain other hair or scalp disorders. Miss A. D. Otto reports: "About 8 years ago my hair began to fall out until my scalp in spots was almost entirely bald. I used everything that was recommended but was always disappointed until at last I came across Kotalko. My bald spots are being covered now; the growth is already about three inches." G. W. Mitchell reports: "I had spots completely bald, over which hair is now growing since I used Kotalko." Mrs. Matilda Maxwell reports: "The whole front of my head was as bald as the palm of my hand for about 15 years. Since using Kotalko, hair is growing all over the place that was bald. Many more splendid, convincing reports from satisfied users."

KOTALKO contains GENUINE BEAR OIL and other potent ingredients. No alcohol, no shampoo, but a hair elixir of wonderful efficacy. All ingredients are safe and harmless, even for a child's scalp and hair. Positively KOTALKO is one delightfully reliable hair preparation that succeeds upon genuine merit. Buy a box of KOTALKO at the drug store. Or ask for Kotalko at the toilet goods or drug counter of any large department store. Remember the name. Accept nothing else as "just as good." \$3.00 GUARANTEE. Or if you send 10 cents (silver or stamps), you will receive a PROOF BOX of Kotalko with BROCHURE, postpaid. Determine NOW to eliminate DANDRUFF, to treat BALDNESS, to STOP HAIR FROM FALLING. Get a box of guaranteed KOTALKO, apply once or twice daily; watch in your mirror. For PROOF BOX (10 cents, none otherwise) write to JOHN HART BRITAIN, Inc., BT-69, Station F, New York City.

Senator Watson and Family Enjoy Summer at Winchester

IN BOYHOOD HOME, INDIANA STATESMAN VISITS AGED MOTHER, CHATS WITH BOYHOOD CHUMS AND ATTENDS CHURCH OF HIS YOUTH—CRITICISM OF WATSON IN WINCHESTER IS NEVER PERSONAL, EVEN FROM OPPONENTS.

By Della Ballard
Of the Staff of the Winchester Herald

Winchester, Ind.—Those observers of the trend of Indiana politics who have been led to believe that all of Senator James E. Watson's time and attention is being given to the campaign, should pay a visit to Winchester over a week-end and see the domestic side of the senator's life. This is Jim Watson's boyhood home. Everybody knows him. Here he went to high school, read law in the office of his father, the late Enos L. Watson, and participated in all the games and diversions of the youth of this vicinity. Although Rushville is

comings, and real Indiana hospitality is to be found here.

Always Home Over Sunday.

Senator Watson never fails to get home for the week-end. He is a Methodist and on Sunday goes to the church in which his parents worshipped, where he mingles with boyhood friends.

While partisan criticism is about as acute here as anywhere else in Indiana, criticism of Watson is confined to partisan bounds and is never personal. His old neighbors and friends, regardless of party, have only kind words to say for "Jim." Some of the elder generation admit that he was rather mischievous as a youth and sometimes stirred the quiet shades of

Senator James E. Watson, Mrs. Watson, His Mother and Three of Their Four Children at the Mother's Home in Winchester.

the senator's home his family is here for the summer. Mrs. Watson also grew up in this community and her family lives here.

The Watsons have four children—Joe, age 12; Kathryn, 16; James E., Jr., 22, who was a private in the marines in the world war, and Edwin G., 27, who was a captain of infantry.

Staying With Grandmother.

In the heart of Winchester stands the home of the senator's mother, and this sweet-faced little woman, who admits she knows very little about politics but knows her son better than anybody else in the world, sits in a wheel chair surrounded by relatives who minister to her wants. It would be hard to find a more cheerful person than Mrs. Watson. Although she is past 89 and almost helpless from the infirmities of age and the result of a fall last winter, she is cheerful and optimistic and gets much enjoyment out of life.

Senator and Mrs. Watson decided that they could spend the summer in no better place than the ancestral home, so they disregarded the call to the mountains and the seashore and came early in the summer to Winchester. They felt that "Grandma" needed them, and to them it is the pleasantest place in the world. It is the scene of family dinners and home-

this conservative community with his pranks, but at the same time they concede that nobody was ever injured by anything he did.

Sang in Church Choir.

He seemed to get a lot of fun out of life, even at that early age, and was a charter member of the "Don't Worry Club." He made a fair record of attendance upon the Methodist church and was a leader in Epworth League and other religious activities. He sang in the church choir for several years. In the elections in which he has been a candidate, he has always polled a heavy vote in his boyhood home, frequently leading his ticket, and it is predicted by the people here that he will maintain his batting average in this year's campaign.

Surrounded by Family.

"Grandma" Watson's home is a one-story cottage with a front porch, and it nestles in a group of pine trees surrounded by an ample lawn and all the quiet refinements characteristic of the plain Indiana citizen in an average Indiana town. "Grandma" Watson's comfort is being looked after by Mrs. Watson, the senator's wife, by Mrs. Eva H. Watson, and by sons, daughters, grandchildren and great grandchildren—all together a cheerful and happy group.

WRIGLEYS

The children love Wrigley's—and it's good for them.

Made under conditions of absolute cleanliness and brought to them in Wrigley's sealed sanitary package.

Satisfies the craving for sweets, aids digestion, sweetens breath, allays thirst and helps keep teeth clean.

Costs little, benefits much.

REDS ARE CRUSHED BEFORE POLISH ARMY

Scandinavian Countries Report Russians are in Turmoil With Strikes and Hunger

POLES ADVANCE 150 MILES

(By United Press.)

London, Oct. 5—Enemies of Bolshevism are crushing the reds before the Polish army on two fronts.

Reports from the Scandinavian countries indicated the Russians were in a turmoil with strikes and hunger. A military statement from Warsaw stated the Polish troops along all fronts were unhampered in their advance eastward.

The communique stated the Poles have advanced 150 miles with the Bolsheviks suffering heavy losses. Twenty-six Bolshevik divisions were destroyed.

The number of prisoners in the last Polish drive was announced at 42,000. General Pilsudsky, head of the Polish government, was reported to have taken the field personally in order to make the attacks more effective.

NEW COURSES ARE PLANNED

Indiana Extension Department Offers Commercial Subjects

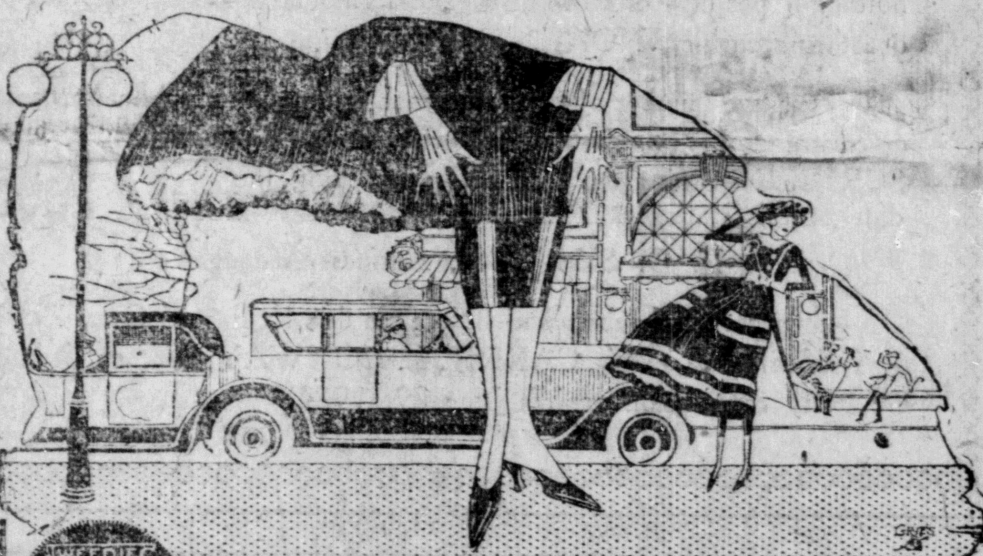

Indianapolis, Ind., Oct. 5—Several new courses will be started in this year's curriculum of the Indianapolis Chapter of the American Institute of Baking.

The Indiana University Extension Division will have supervision of the courses and university credits will be given.

The following courses which were given last year will be repeated this fall; Commercial and Banking Laws instructor Paul McNutt instructor at the University Law School; elementary banking and standard banking, instructor Frank Streightoff, Political economy and accounting, Instructor A. P. Prickett.

Productive Denizens of the Sea.

The teeth of the shark sell readily and are utilized by manufacturing jewelers in ornaments of one kind or another. From the blood of the sea mammals we now get the basic substance for a very superior kind of waterproof glue, which is used in the preparation of laminated or built-up wooden stock from which the propellers and other parts of aircraft are today fashioned.

Tweedie
BOOT-TOPS

More Than a Spat

TWEEDIE BOOT TOPS are tailored, not merely made; shaped, not just sewn together. Pulled on over the heel—not like the old-style spat over the toe—Tweedies will not lose their shape.

Tweedies in popular color tone of specially imported Trayton Kersey and Amsden Buck are the mode—the vogue.

We have your size in the genuine, the Tweedie label sewed inside each pair.

TO THE PEOPLE OF AMERICA

Every person, sick or well, should know of my marvelous pure herb family medicine—BULGARIAN BLOOD TEA. After a 20-year test I am ready to guarantee to the world that it is the best Blood Purifier and Health Regulator in existence today.

To those who suffer from early old age, stomach, liver, kidney, blood or rheumatic troubles Bulgarian Blood Tea is the one best medicine to relieve and correct these ailments. It is remarkable how quick you will begin to pick up and be your old-time self again.

During the 1918-19-20 influenza epidemics Bulgarian Blood Tea was used by countless thousands of sufferers. They met with marvelous success. Millions of people took it steaming hot to prevent and ward off the disease.

As a general first aid family medicine it has no equal. Every person should have a box constantly on hand for any emergency—to kill colds, allay fevers and guard against influenza, pneumonia or other serious sickness. I sincerely urge all mothers and fathers of families to apply to their druggist for a trial box of Bulgarian Blood Tea.

Distributors are authorized to return the full purchase price if Bulgarian Blood Tea does not materially improve the health in three weeks' time.

MARVEL PRODUCTS CO., Pittsburgh, Pa.

FARMERS PLANNING A TOUR

Livestock Project Will Take Montgomery Farmers on a Trip

Crawfordsville, Ind., Oct. 5.—Plans for an extensive trip are under way for the farmers and business men of Montgomery county according to County Agent E. Ackerman. Together with other county agents Ackerman is completing plans for a tour of a number of states and important cities in the middle west.

Soil and Livestock projects will be gone over by the farmers and an inspection of the offices of the Indiana Farmers Federation will be made by the party. The first stop will be made at Chicago. The plans have been completed and no exact date has been set for the trip.

Amusements

Charles Ray at The Princess

Charles Ray has another country boy characterization in "A Village Sleuth," coming to the Princess Theater for the last showing today, but this time with a brand new twist. The picture was produced by Thomas H. Ince for Paramount release.

According to the story, Charlie is a farmer's son, with aspirations to become a great detective. His bungling amateur efforts when thieves invade his father's melon patch leads to his departure from home and a new job as man of all work around a private sanitarium. Here he becomes involved in a mystery worthy of a Sherlock Holmes and wins his spurs when he solves it. Of course there's a girl in the case.

Mr. Ray is supported by a cast including Winifred Westover, Lew Morrison and Donald MacDonald. Jerome Storm directed the picture and it was adapted from a story by Agnes Christine Johnston.

Buck Jones at The Mystic

William Fox will present Buck Jones, the new sensation of the screen in "The Square Shooter" tomorrow at the Mystic Theatre.

Buck is a real soldier of fortune. He was born in Vincennes, Indiana, but at an early age tired of life there and went to Red Lodge, Montana, as a cowpuncher on the Triangel Bar Ranch. Six months there was enough for him and he enlisted in the Sixth United States Cavalry, went to the Philippines, was wounded and sent home, was transferred to the air service, and in 1913 was discharged from the army. He then signed with Miller Brothers 101 ranch in Oklahoma.

When war was declared in Europe he went to Chicago, broke horses for the French government, then went overseas. He was attached to the staff of a French general who had learned of his air experience, and made several trips over the enemy's lines. His riding attracted

great attention, and he was asked to perform his feats of horsemanship before Premier Clemenceau. The veteran statesman had the daring Yankee give exhibitions before King Albert of Belgium, the King and Queen of Great Britain and the King and Queen of Italy on their visits to Paris.

INCREASE PROFITS BY GRADING ALL PRODUCE

Farmer Should Sort According to Size and Quality.

Grade Specifications Recommended by Bureau of Markets Have Benefited Farmers Materially Where Practiced.

When a farmer orders a box of bolts of a certain make and size he does not expect to find a thin layer of the bolts specified on the top of the box and assorted bolts underneath. In the world of commerce a manufacturer who pursued such practices would soon be bankrupt.

The same principle applies to the sale of farm products, say specialists of the bureau of markets, United States department of agriculture. Before sending produce to market the farmer should sort it as to quality and size. The bureau of markets from time to time has recommended grade specifications for various products, and wherever these recommendations have been followed satisfaction and increased monetary returns have generally resulted. For instance, it is estimated that in 1919 the potato growers in Virginia increased their profit a half million dollars by grading their produce. Similar results are being obtained in other states.

PLOWING FOR WINTER WHEAT

Decided Advantage in Preparing Land Early Is Shown by Experiments in Kansas.

In Kansas experiments, wheat planted on land plowed in late July or early August yields on the average of 15 bushels per acre, whereas, wheat planted on land plowed in September has yielded only 11 bushels per acre.

The World Sees Your Windows— And Promptly Passes Judgment

The only part of your house furnishings seen by the "general public" are your window draperies—your curtains, particularly. That's what gives their selection such tremendous importance.

That, too is why the national

Home Craft Week--October 4th to 9th

the week dedicated to the things that make home more livable and more lovable—centers in the featuring of window drapes and drapery materials—and particularly—Quaker Craft-Lace.

We have spent months preparing for this event. Now we invite you to inspect the finest display of drapery materials and decorative ideas ever offered the homemakers of this city.

Here are just a few of many splendid items of merchandise gathered from the world markets.

BEAVER BOARD FOR BETTER WALLS & CEILINGS

Build More Comfort into the Farm Home

Your farming success entitles you to more home comforts and conveniences. That's what a man works for, after all, so why not have these good things now?

Why let the home get run down just at the time when you should enjoy it most? First, renew the old, cracked, tumbledown walls and ceilings by covering them all with Beaver Board. It will make new rooms of the old ones.

This done, you'll feel like tackling other things because building new rooms with these large, board-like panels is so easy. You can do the whole thing yourself.

SLAMS PROGRESSIVES WHO STAND WITH COX

Col. Robins Cites Incidents Where Democrats Claim Some Progressive Votes

THE BETTER ONES CAME BACK

Havre, Mont., Oct. 5—Before leaving here on his Northwestern speaking tour Col. Raymond Robins gave out this statement in reply to the Democratic announcement that Ben Lindsey, Francis Heney and thirteen other conspicuous Progressives had come out for Cox.

"Judge Ben Lindsey and Francis Heney swinging to Cox is much as when Holland swings to the Dutch. Both supported Mr. Wilson in 1916 and each has been identified with the Wilson administration, one as a paid attorney and the other as a privileged writer and traveler in support of Wilson policies. Judge Lindsey never quite forgave the Progressives for not nominating him for vice-president in 1912 and Mr. Heney has never recovered from his defeat by the Progressives of California as a candidate for the United States Senate in 1914.

"Intelligent Progressives who are interested in what other Progressives are doing in this campaign will be more inclined to follow Senator Hiram Johnson and Myer Lissner of California, Dixon and Shelley of Montana, Howell and Corrick of Nebraska, Allen and White of Kansas, McCormick and Knight of Illinois, Beveridge and Toner of Indiana, Garfield, Garford and Brown of Ohio, Von Valkenburg, Moore and Lewis of Pennsylvania, Davenport, Hooker and Wilkerson of New York, and hundreds of other leading Progressives who kept faith with Theodore Roosevelt while he lived and now support Senator Harding, rather than those who abandoned Roosevelt's leadership for the man who kept us out of war and who was too proud to fight."

WATSON ONE SENATOR SURE OF ELECTION

National Committee Compiles a Summary of The Senatorial And Congressional Outlook

REPUBLICANS SURE OF 15

Indianapolis, Ind., Oct. 5—Senator James E. Watson of Indiana is one of fifteen United States senators catalogued by the Republican National Committee as sure of election, according to a summary of the senatorial and congressional outlook compiled by the national committee and received here today.

Of the thirty-four senators to be elected in November the Republicans are sure of fifteen, reasonably sure of eight others and have a fighting chance for still another two, the statement from the national committee says.

The fifteen listed for certain elections are: Shortridge of California; Brandegee of Connecticut; Gooding of Idaho; Watson of Indiana; McKinley of Illinois; Cummins of Iowa; Curtis of Kansas; Moses of New Hampshire; Wadsworth of New York; Ladd of North Dakota; Willis of Ohio; Penrose of Pennsylvania; Norbeck of South Dakota; Dillingham of Vermont, and Jones of Washington.

PRESBYTERIANS OPEN MEET

Speakers of National Prominence Will be on Program

Crawfordsville, Ind., Oct. 5—More than 350 representatives of the Presbyterian churches over the state attended the meeting of Presbyterian ministers which opened here today.

Speakers of National Prominence will be on the program during the three days which the convention will be in session.

This evening the Rev. S. S. Palmer, of Columbus, O., moderator of the general assembly will address the convention, which is expected to be one of the most interesting features of the session.

Biblical Information.
The Lookout prints the following information about the Bible: "The Bible contains 3,566,480 letters, 810,697 words, 31,175 verses, 1,139 chapters, 66 books. The longest chapter is Psalm 119, and the shortest is Psalm 117. This is also the middle chapter. The middle verse, however, is Psalm 118:8. The longest name is in Isaiah chapter 8."

MORNING TO YOU, PETE!

Kansas City, Mo.
—late at night!

Who crossed my trail in the hotel this afternoon but "Long Sam" Weaver! Last time I saw Sam to chin to was that night of July 15th when our old 38th clinched the "Rock of the Marne" title! And, I guess you won't forget that night, old glue pot—everybody was stuck on you!

Sam and I fought the war all over again and dug into our Camel supplies like it was "free commissary". Sam never will get all done talking about that session when we couldn't move a hair without getting a close shave—and, no cats or smokes!

Sam has some song about how good Camels were to him in France—and ever since! That bird has the warble! Why, Camel talk trickles off his tongue like water flows over Pa Smith's mill dam! Pete, old carpet tack, Sam has a head all right!

"Camels certainly are friendly", was the way Sam put it in his old-time vigor-vim style. "You know as well as I do", he added, "that no other cigarette has such a mild, mellow body. And, there's no harshness or tiredness of taste in a million Camels! No objectionable odor, no lingering unpleasant aftertaste! Summing it all up, Shorty, I'll say Camels are the greatest cigarettes in the world at any price!"

Headed southeast tonight, with Winston-Salem, N. C. my first port of call. Some jump from K. C.! Pete, it's Winston-Salem where Camels are made! GET ME!

Sincerely

Shorty.

ARE ALLOWED TIME TO VOTE

20,000 Women Teachers in State are Eligible

Indianapolis, Ind., Oct. 5—Women teachers in the state will be allowed time to vote at the November elections even if the schools are forced to close for part of the day or all day according to L. N. Hines, superintendent of Schools.

"There are approximately 20,000 women teachers in the state who are eligible to vote", according to Mr. Hines, "and I believe that it is not only their privilege but their duty".

Hines said he believed if the teachers were forced to take all day the school "kids" would have no objections.

Excellent Philosophy.

Life is like a game of whist. I don't enjoy the game much; but I like to play my cards well and see what will be the end of it.—George Eliot.

Attention Milk Producers and Farmers

The majority of steer feeders in this section did not get first cost of their cattle this past spring and nothing for their feed and labor.

Dairy cows are the best to feed in order to realize a profit because the milk more than pays feed and labor. With bumper crops and good demand for milk they will bring large returns this winter.

Why not increase your herds and get a sure profit and a fair return on the money invested?

As we specialize in Tuberculin Tested Cows for dairy use exclusively, we are in a position to furnish any number and breed desired on short notice. We carry a large supply on hand at all times. Prices quoted on request.

Healthful Days Of Former Youth Are Now Enjoyed

"Why Shouldn't I Praise Trutona?"
Asks Mrs. Lindsey After Being
Greatly Benefited

Terre Haute, Ind., Oct. 4—"I can honestly say that I feel in better health and stronger now, than I ever have since I was a girl, and its because I've been taking Trutona," says Mrs. Clara A. Lindsey, 60 years old, who lives in Terre Haute at 233 South Eleventh St.

"For two or three years I have suffered with kidney and bladder troubles. Pains in my back caused me much suffering, and I would feel stiff and sore all over at times. My bladder was badly irritated, causing me severe pain. I suffered an attack of the la grippe several weeks ago and this left my system in a weakened and run-down condition. My food didn't taste right and I was so nervous I could sleep but little at night.

"I can truthfully say that I feel like a different woman, since taking Trutona. My appetite is so improved that I can actually enjoy a real meal nowadays. Everything tastes so good. I haven't had a pain in my back for two weeks, and the pains from my bladder are much improved, too. I sleep soundly now, and get up in the morning feeling refreshed. Trutona, has done all this for me, and why shouldn't I praise the Perfect Tonic?"

Trutona is a great reconstructive tonic as well as an unsurpassed combatant of stomach and liver troubles. Trutona strengthens the nerve centers, rebuilds broken-down and worn-out tissues, revitalizes the blood, and gives to your body vim and vigor of the kind that scoffs at age.

Trutona is sold in Rushville at Hargrove and Mullin's Drug Store. (Adv.)

STAGE STAR ON THE STUMP

Lillian Russell May Speak For Republicans in Indiana

Indianapolis, Ind., Oct. 5—Lillian Russell, the famous stage star, who is a warm admirer of Senator Harding, according to word received here today from Chicago, where the speakers' bureau of the Republican national organization is located.

Miss Russell, who in private life is Mrs. Alexander P. Moore, of Pittsburg, has been on the stump in Pennsylvania the last week. She has announced her intention of speaking in the mid-west states after completing a tour of her home state. She has offered her services to the national committee free of charge.

Get Close

By GEORGE MATTHEW ADAMS

ANY a General, since Time got to going, has bitterly learned the futility of fighting a battle at long range. Also, many a Business man has learned to his sorrow the disaster back of a distant relationship between himself and his customers.

Step a Step Closer.

Individual supremacy and power result from combat, whether or not it is a Battle at Arms, a Battle in Business, or a Battle with your own Self. And the Closer you get to your Opponent the surer you are of Victory.

Step a Step Closer.

Another thing to remember—Imagination is a powerful factor in Success and the Closer you are to your work or your Opposition, the biggest will be your vision, the more will you see, and the clearer will loom the real purpose back of each effort that you make in life.

Step a Step Closer.

Close quarters you are able to detect defects, and correct them. Close centered there is no lost motion, but power in every stroke. If you will but apply the suggested thoughts back of this little talk, to your work today, larger growth is sure. You will be a bigger man or woman.

Eager to Have It Out.

"Kate never seems to grasp anything you tell her."

"No; she's the kind of woman who instead of listening to what you are saying is already listening to what she is going to say."—Boston Transcript.

ESTABLISHED 1899

DR. OSBORN

The Old Reliable Specialist
OF INDIANAPOLIS

Will be at

SCANLAN HOTEL

Rushville, Ind., Friday, Oct. 8th, 1920

Hours: 9:00 A. M. to 4:00 P. M., every four weeks thereafter.

AVOID THE OPERATING TABLE

Dr. Osborn's Improved Methods Are Exclusively His Own, and There Is No Guesswork About It—They Have Proven Successful.

In the treatment and cure "Without the use of the knife" of Piles, Fistula, Fissure, Prostatic Enlargement, Rupture, Chronic Diseases of the Kidneys, Bladder, Obstruction, Rheumatism, Gout, Stomach, Bowels and all other curable Chronic Diseases.

NO MATTER HOW OBSTINATE OR HOW CONTRACTED—CURED

When I say I can cure you can depend upon it, for I know from the successful results in thousands of similar cases to yours, just what I can accomplish. Grateful patients treated by me are constantly recommending others, and this is why I possess such a large practice. Men! Women! If you do less than you should, on your farm, at your desk, or in your shop, you are in some way weak. If you can't accomplish all that you expect or hope for, you are the silent sufferer from some hidden disease that affects one or more of the important nerve centers of the body. These neglected, or unknown conditions, are usually diseases of the Pelvic System, which reflexly act upon the organs of elimination, digestion, and the nervous system, which in turn has its influence on the brain. I have made a special study of the Nervous System, and have perfected methods that will cure where ordinary methods have failed. I will give you a searching and thorough examination FREE, thus determining the exact location of your trouble.

BEAR IN MIND that I have in Indianapolis one of the most modern and thoroughly equipped offices in the state with a specialist in charge who is ripe in years of experience, rich and mature in learning in his chosen work. That neither one of us promise you more than we can give, and should you be unable to see me on date specified above, you can write, or better still, call at my home office, 314 Traction Terminal Building, Indianapolis.

I do not use the knife, neither do I do any cutting.

Tomorrow may never come—Get in touch with me today.

Are You Ruptured?

No ruptured man, woman or child need be told of the suffering and agony resulting from the neglect of this awful affliction, nor of your many disappointments and failure to find a cure by experimenting with old-fashioned treatments, leaving you the sufferer in even worse condition than before, and mentally skeptical of ever being cured.

Every ruptured person in Indiana who calls to see me is entitled to a Free Trial of the

**DR. OSBORN
Self-Adjusting
Rupture Appliance**

REMEMBER—It required much of my time during the past 21 years, also labor and great expense to perfect this wonderful, simple and effective Appliance and make it possible to assure you relief. Know also that I ask NO MONEY UNTIL YOU ARE SATISFIED, as hundreds of others are now.

I Can Help You Now, Tomorrow May Be Too Late—Come and Get the Proof FREE.

It makes no difference what your present physical condition may be or what you have endured in your vain hunt for relief—YOU HAVE NOT TRIED DR. OSBORN'S SELF-ADJUSTING RUPTURE APPLIANCE, and you will never be satisfied until you do.

TRACTORS ARE DISPLACING HORSES

One Man and Tractor Doing the Work of One Man and Four Horses.

Tractor investigations, with special reference to the influence of the tractor on horse labor, were made in the summer and fall of 1918 on 191 corn-belt farms. The operators of these farms, all tractor owners, were visited by a representative of the United States department of agriculture, and detailed information on all farm operations was gathered. The inquiry covered a full year's work, so that the part played by the tractor might be noted in all its relations.

The investigation was carried on in Ohio, Indiana, Illinois, Iowa, Missouri, Kansas and Nebraska. In each of these states localities were visited in which a large number of tractors were in operation. The information obtained, while perhaps strictly and fully applicable only to the farms visited, may be taken as a general guide as to the results which might be obtained in using a tractor on any corn-belt farm of like type and organization.

The statements here made and conclusions drawn are not advanced as being final, but simply as additions to the available information regarding farm tractors.

Range of Conditions.

To obtain results which would give as near a representative average as possible, an effort was made to get reports covering tractor operations under as many different conditions as possible, and hence the conditions represented range from adverse to ideal. The farms visited ranged from flat to hilly. The soils varied from the heaviest gumbo through all the various loams to light, drifting, sandy soils. Some of the gumbo soils now under cultivation on these farms were formerly unproductive, owing to the inability of horses to plow the soils. With the introduction of the tractor, this land has come under cultivation and is now yielding big returns. It

Four Horses and One Man Doing the Work of a Tractor.

was found that tractors were operated successfully in what would be termed unfavorable as well as favorable seasons, which would tend to show their general adaptability.

While the section covered is roughly called the corn belt, farm practices are not uniform throughout the region. In most parts of the eastern corn-belt states commercial fertilizers and lime are used, these being applied by horse-pulled distributors. In preparing the land for crops all the ground may be plowed, or the small grain may be seeded on the previous year's corn ground by disking or harrowing, without plowing. The latter practice reduces work for horses or tractor in the busy season. Whether most of the plowing is done in the fall or only a small part, and the rest in the spring, depends largely on local conditions. Where fall and spring plowing are done in about equal amounts on individual farms, the tractor is used more in the fall than in the spring, and horses vice versa. It was found that when all the reports obtained were grouped together only five more operators plowed in the fall than in the spring, but the number of acres

plowed in the fall averaged 23.7 more per farm. The number of men using horses as an auxiliary source of power was practically the same in each case.

Tractor Saves Labor.

Many farms have woodlands, and as these are cleared the tractor is used for sawing wood for market, thus increasing the days of belt operation. The scarcity of labor in 1918 hampered the gathering of crops, and in the states on the eastern edge of the corn belt the tractor was used to a considerable extent in the hay field, to the exclusion of horses.

As corn is the principal crop in this region, the effect of the tractor on horse labor will be more noticeable in the case of this crop than that of any other crop grown, the average acreage of corn per farm of those visited being 83.5 acres, which is 32 per cent of the tillable area of these farms. The remaining crops grown on these farms, in order of crop acreage, are: Wheat, hay, oats, barley and rye.

Only the physical relationship of tractor power to horsepower has been considered, and no attempt is made here to compare the relative costs of doing work by these sources of power. The number of horses displaced on these farms is also shown, but no inference has been drawn as to whether the work is being done more cheaply as a result of the change.

Summary of Results.

Briefly summarized, these are the principal facts brought out or emphasized by this study:

1. The number of horses disposed of on 141 farms averaging 346½ acres, on which tractors had been used for a year or over, was 2½ per farm.
2. The average number of tillable acres per horse increased from 26½ to 38½ after the purchase of the tractor.
3. Nine operators out of 191 displaced horses entirely on plowing, disking and harrowing.
4. Only 16 operators allowed their horses to stand idle while the tractor was in use.
5. The number of horses displaced by the tractors on these farms was governed by the number it was necessary to retain for corn cultivation and other work current at the same time, which the tractor could not do.
6. The horses remaining on these farms are doing about 75 per cent of the tractive work and tractors the remainder.
7. The tractor was used for an average of 29 ten-hour days per year on the home farm. No record of the amount of custom work done was obtained.
8. A three-plow tractor on these farms does the work of 8½ horses in plowing, disking, harrowing and harvesting.
9. After purchasing the tractor, the average size of the farms was increased by 22 acres, or 6.13 per cent.
10. The principal advantage of a tractor is its ability to do heavy work in a shorter time than it can be done with horses.

More Advice.

REPUBLICAN CANDIDATES FOR CONGRESS ARE ACTIVE

Indianapolis. — (Special.) — All the Republican candidates for election to congress are actively engaged in the campaign, according to reports received at Republican state headquarters from the district chairmen. Indiana now has a solid congressional delegation in congress and every representative is confident of being returned. This state's Republican delegation made a good record and the party leaders feel it is sure to be returned to power on that record.

Watson on Stump.

Campaign leaders are pointing out that it is especially necessary to return the Hoosier Republicans to congress this year in order that a Republican majority in the senate and house to co-operate with the executive on the big problems of reconstruction and domestic legislation which face the nation.

Senator Watson, who has been on the stump for the last three weeks, is developing great strength, his friends report. The senator has been accorded a warm welcome on every appearance.

PAY TELEPHONE TOLL

Don't over look to pay your telephone toll before Oct. 12 if you wish to avoid paying 15 cents extra for collection. No notice will be given by telephone. M. V. SPIVEY, Secretary.

ITCH!

Money back without question if HUNT'S Salve fails in the treatment of ITCH, ECZEMA, RINGWORM, FETTER or other itching skin diseases. Try a 75 cent box at our risk. H. JOHNSON & CO.

INDIGESTION

IS A BAD AILMENT

PEPSINCO

IS THE BEST REMEDY

Indigestion and dyspepsia are amongst the most aggravating ordinary ailments, either can develop into serious danger. Each may exhibit dangerous aspects, in any case they are always distressful and should not be permitted. Take PEP-SINCO which is the best remedy for indigestion on the market to-day. You will appreciate its prompt action and its complete benefits to thoroughly relieving food distress or stomach faults.

Ask your druggist—he sells and recommends Pepsinco.

COMFORT
good walking

Be kind to your feet. Teach them that c-o-m-f-o-r-t spells good walking. And give your pocket-book a chance at the same time.

We cannot give our shoes away. But we are satisfied with a moderate, decent living profit.

If you want better shoes, sold to you on that basis, let's say "hello."

Taste Taken Out Of Castor Oil By New Process

Remarkable Method Perfected by
Laboratory Experts of Spencer
Kellogg & Sons, Inc.

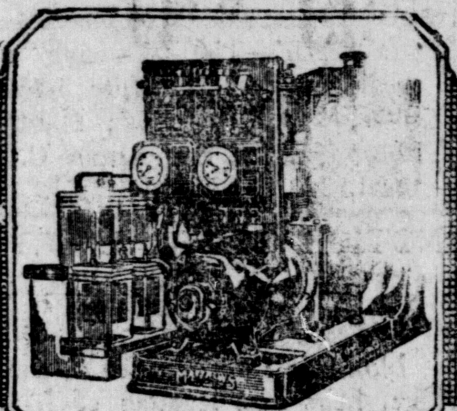

When the doctor says "take castor oil" you need no longer shudder. By a new scientific process all the disagreeable features have been removed from this famous old remedy. Chemists of Spencer Kellogg & Sons, Inc., have perfected a remarkable process by which all nauseating taste is eliminated from castor oil. Nothing is removed except the taste. Strength and purity remain the same—a 100% pure castor oil. Kellogg's Tasteless Castor Oil settles the question of the best laxative. No pills or drugs are so prompt and thorough as nature's pure remedy, castor oil. That's why doctors always prescribe it. Sold by all good druggists. If you want a castor oil absolutely without nauseating taste, insist on genuine laboratory filled bottles, plainly labelled Kellogg's Tasteless Castor Oil. Three sizes, 15c., 35c. and 65c. —(Adv.)

FULL Automatic Starts and Stops Itself

Not Merely "Self Starting"
THE Matthews "Automatic Caretaker" requires no prompting from the human brain in the recharging of the storage batteries. Long before they are exhausted to the danger point the "Automatic Caretaker," of its own accord, automatically starts the engine recharging the batteries. And it automatically stops recharging when the batteries are full. A "self-starting" plant depends on some one's memory. The "Automatic Caretaker" can be obtained with

MATTHEWS
ELECTRIC LIGHT
AND POWER PLANTS

When batteries are in danger of heating through overload the "Automatic Caretaker" instantly starts the generator which takes ALL the load. If the drain is still too heavy, the batteries are automatically "cut in" again and help the generator. Any plant that does less than this is NOT Full Automatic and is out of date the day it is installed.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

185 times - no difference!

Miss Betsy Lane Shepherd, famous concert soprano, has made this test 185 times. 185 public audiences, in 185 cities, have heard her compare her voice with its RE-CREATION by the New Edison. No one, out of a total of more than 100,000 listeners, has been able to tell when Miss Shepherd was singing, and when the New

Edison—except by watching her lips, 4,000 similar tests of direct comparison, made by over fifty other celebrated vocalists and instrumentalists, have given this same result.

The New Edison is perfect realism achieved!

What kind of music "gets" you?

Tell us—and we'll show you how all its emotional
power is RE-CREATED by the New Edison

Is it the soulful violin?—a mellow contralto?—the scintillating flute?—a sweet, soothing tenor?—that draws the quickest emotional response from you.

Let us play your favorite voice or instrument in a new kind of Realism Test. See whether you are touched by the RE-

CREATED music in the same way that you are touched by the living music.

We want to show you that the New Edison RE-CREATES all the vital power in all music.

Remember what to ask for—"personal favorites" Realism Test!

The NEW EDISON

"The Phonograph with a Soul"

Perfect realism is your one vehicle to the inner joys of music which you crave.

Mr. Edison spent three million dollars in the research work which gave the New Edison perfect realism. He did this in order that the phonograph might transcend its former limitations and (here we quote Mr. Edison's own words), "bring into every American home, music so realistic and so perfect in its rendition as to be an unending source of benefit and pleasure."

The instruments which proved this perfect real-

ism in Miss Shepherd's 185 tests were all exact duplicates of the original Official Laboratory Model on which Mr. Edison spent his three million dollars. You can also have an exact duplicate of this three million dollar original. We have it in our store, and guarantee it to be capable of sustaining the same test of direct comparison.

Important Practical Detail

Our Budget Plan brings your New Edison for immediate enjoyment, without asking for immediate payment. Ask about it when you come in to hear the "Personal Favorites" Realism Test.

Cleveland	0	2	0	1	0	0	0	0	3
Brooklyn	0	0	0	0	0	0	1	0	1

Elbets Field, Brooklyn, Oct. 5.—The Cleveland Indians won the opener of the world's series here, 3 to 1, Brooklyn being unable to stem the tide with three pitchers.

Each team was credited with five hits, but Cleveland made them count. The Dodgers erred once and the Indians played errorless ball. The game play by play is as follows:

FIRST INNING.

Cleveland—Evans out: Olson to Konetchy; Wambsganns lined to Wheat in deep left field; Speaker fanned. No runs, no hits, no errors.

Brooklyn—Olson flied to Wood; Johnston fanned; Griffith out; Sewell to Burns. No runs, no hits, no errors.

SECOND INNING.

Cleveland—Burns singled past Speaker and kept on running; Konetchy threw the ball past third; Gardner out; Olson to Konetchy; Wood given out on balls; Sewell singled to right field; Burns scores and Wood takes third base; O'Neill doubled to left field scoring Wood, sending Sewell to third base; Coveleski out to Konetchy unassisted; Sewell caught off third base, Konetchy to Johnston. Two runs, three hits, one error.

Brooklyn—Wheat flied to Speaker who made a good catch; Myers flied to Wood; Konetchy out, Sewell to Burns. No runs, no hits, no errors.

THIRD INNING.

Cleveland—Evans given base on balls. Wambsganns delivered a sacrifice hit, Olson to Konetchy. Speaker flied to Wheat. Burns lined to Johnston. Evans was caught between second and third, Johnston to Kilduff. No runs, no hits, no errors.

FOURTH INNING.

Cleveland—Gardner out, Konetchy to Konetchy. Wood doubled to left center field; Sewell flied to Griffith. Mamaux went to bull pen to warm up for Brooklyn. O'Neill doubled to right field, scoring Woods. Coveleski out, Kilduff to Konetchy. One run, two hits, no errors.

FORMER RESIDENT IS DEAD

L. N. Birch Dies at Lexington, Ky.
And Will be Buried Here.

L. N. Birch, formerly of this city, is dead at his home in Lexington, Ky., according to word received here today to the effect that the body would be shipped to Rushville for burial in East cemetery, beside the wife of the deceased, Mary Ann Birch, who died here November 9, 1913.

Mr. and Mrs. Birch lived in Circleville. Following the death of his son, David Birch, who committed suicide February 18, 1915, Mr. Birch moved back to Kentucky, his former home. No details regarding his death or when the body would arrive was received.

"DICE SHOOTERS" ARRAIGNED TODAY

Several Affidavits Filed Against
Alleged Gamblers Who Were
Caught Saturday Night

ANSWER CALL IN PERSON

Judge Sparks "Walks In" on Craps
Game After Failing to Locate
Officers by Phone

Several affidavits were filed this morning in circuit court against some alleged gamblers, who were caught in a raid early Sunday morning, when Judge Sparks answered a call in person, and walked in on the "dice shooters." Two of the persons engaged in the game are said to be minors.

Three of the alleged gamblers were arrested this afternoon and arraigned before Judge Sparks on the gaming charges. Those arrested were Frank Schaeffer, Robert Frazier and Mose Rose, the last two being colored men.

All three entered pleas of guilty and Schaeffer and Frazier each were fined \$10 and costs. The fine in the case of Rose was not assessed today and he was allowed to go on his own recognizance until the fine is imposed. The other two paid their fines.

Other arrests were to be made

TO MAKE THE MILROY MEETING A BIG EVENT

Republicans of Southern Rush Co.
Being Urged to be on Hand
When "Locomotive" Arrives

MAKE PARADE IN RUSHVILLE

Preparations were being made today by County Chairman Fon Riggs and his assistants to make the visit of the Harding and Coolidge "G. O. P. Special" at Milroy late Wednesday afternoon a republican meeting for the southern half of Rush county.

Plans were practically abandoned for having the "Special" visit New Salem and Richland, but instead republicans from Orange, Richland and Noble townships were being urged to drive to Milroy for the meeting there. The schedule call for the "Special" to leave Greensburg at four o'clock, arriving at Milroy between 4:30 and 5 o'clock, but like all specials, it is expected to run late and it is doubtful if the Milroy meeting will be finished before six o'clock.

The "Special" will be met at Milroy by a caravan of automobiles from Rushville. The party will be accompanied by the Odd Fellows band and a drum corps from this city. Delegations from the southern part of the county are expected to accompany the crowd back to Rushville for a parade and a short street meeting, probably immediately after supper. The locomotive will not remain here all night because of an engagement at Connersville in the evening.

Ghosts in The Night Keep City Firemen in an Uproar

Attempted Holdup is Thwarted and
Woman's Suit Case is Recovered
After Chase.

'BANDITS' ALL MAKE GETAWAY

Between one and two o'clock this morning excitement ran high in the business district, when an attempted hold-up was thwarted and a snatch thief lost his nerve and dropped his loot in an alley.

A woman alighted from the last car from Indianapolis about one o'clock this morning at the traction station and put her suitcase down, while looking around to ascertain where the nearest hotel was located.

When she set the suitcase down, a man grabbed it, and ran east on Third street, to the narrow alley between the City Restaurant and Dr. W. C. Smith's office. The man turned north in the alley and the woman was in close pursuit.

She didn't venture down the alley but let out a few screams, that awakened the fire men, who helped her investigate the trouble. After

so long a time, the police were on the job, and the snatch thief evidently lost his nerve, as the suit was found at the rear of Wyatt & Company's store.

After the firemen had again retired and everything was quiet, a man hammered on the door of the fire station, yelling that he was being robbed of his automobile.

The firemen again went to the rescue. The man in his excitement said that his machine was left on the corner and when he went to get in it, three or four men held him up at the point of a revolver, and demanded that he surrender the machine to them, at the peril of his life.

The man had a faint recollection where the police headquarters were, and made a run for it, at the same time letting out a few yells.

When the firemen appeared, the four bandits had disappeared in the dark, and the stranger cranked up his "fiver" and went on his way.

Through all of the excitement, the police slept on.

THREE LAW SUITS FILED IN COURT

Marriage Contract is Assailed in
Complaint Against Isabelle Beaver
for \$400 Judgment

TWO SUITS ARE ON NOTES

One Filed by Franklin Building &
Loan Association of Oldenburg
Against James Kratzer

Three suits were filed today in circuit court, one being a complaint on a contract, and the other two being suits on a note and demanding that the mortgage on properties in Rushville be foreclosed.

Ethel Abercrombie brought suit on a contract against Isabelle Beaver, demanding \$400 judgment. The complaint states that the defendant is the third wife of the late George H. Beaver, and is the heir to his estate.

On account of children by the former marriages, the marriage contract is assailed. The plaintiff is this action is the second wife. Three children and one set of grandchildren are named as his descendants by the wife of a first marriage, also two descendants; the plaintiff and Oma Stevens. His descendants by the wife of a second marriage, and one son, James Beaver, is named as the child by the last marriage, against whom the action is based for alleged violations of the marriage contracts.

The deceased, at the time of his death owned 106 acres of land in Posey township, Fayette county, near Laurel, and the plaintiff avers that during their married life he purchased by the toil of their labor, 35 acres of land, also in that vicinity.

The Franklin Building and Loan Association of Oldenburg has filed suit against James Kratzer, formerly of this city, but now of California, on a complaint on a note and to foreclose a mortgage on property at Eighth and Willow streets.

The alleged note was given in 1910, and the principal was for \$800, according to the complaint. The plaintiff sues for judgment on the principal, interest and attorney fees, which amount to \$1,282.22.

Another suit filed by the Oldenburg company names Clara D. Lambert, Louis C. Lambert, Alvin Moore and Mary V. Moore, all of this city, and John J. Moorman of Batesville, as defendants in a similar action. The complaint is complicated and dates back to August 1915 when Mr. and Mrs. Moore negotiated for a loan giving Rushville property as security. Mr. Moore has since died, according to the complaint, and the plaintiff alleges that other deeds involve the other defendants.

The Oldenburg company demand judgment on the principal \$625, interest and attorney fees.

CITY IS GRANTED INCREASED RATES

Maximum Charge For Water is
Raised From \$1.85 to \$2.00
a Thousand Cubic Feet

MINIMUM QUARTERLY RATE \$2

Electric Power Schedule Revised,
Making Minimum Three Cents
Instead of Two

The city of Rushville was granted an increase in water and electric power rates on September 30, in an order which was received here today and which became effective last Friday, October 1. The order was issued by the Indiana public service commission.

The maximum water rate was raised from \$1.85 to \$2.00 a thousand cubic feet, the minimum on 75 cents a thousand was left unchanged and the quarterly minimum charge was doubled, being increased from \$1.00 to \$2.00.

Electric power rates were raised from a schedule graduated from five cents to two cents, with an equalizing charge of thirty cents per month per horsepower to the following schedule: Demand charge per month per horsepower fifty cents and energy charge of from five cents to three cents per horsepower per month.

The petition for increased rates was filed on September 11 by the city council and the hearing was conducted in Indianapolis by the public service commission September 28.

The schedule of rates is as follows:

Old Water Rates

Consumption per month	Per 1,000 cu. ft.
For first 3,000 cu. ft.	1.85
For next 3,000 cu. ft.	1.50
For next 5,000 cu. ft.	1.25
For next 5,000 cu. ft.	1.00
For next 5,000 cu. ft.	.75
All over 21,000 cu. ft.	.75

Quarterly minimum charge \$1.00
One thousand cubic feet of water being equal to 7480 gallons.

The present and proposed rates for electric power are as follows:

New Water Rates

Consumption per month	Per K.W.H.
For first 3,000 cu. ft.	2.00
For next 3,000 cu. ft.	1.75
For next 5,000 cu. ft.	1.50
For next 5,000 cu. ft.	1.25
For next 5,000 cu. ft.	1.00
All over 21,000 cu. ft.	.75

Old Power Rates

Consumption per month	Per K.W.H.
From 1 to 500 K. W. H.	\$.05
From 501 to 1,000 K. W. H.	\$.04
From 1,001 to 1,500 K. W. H.	\$.03
From 1,501 and over	\$.02

Equalizing charge per month \$1.30

Continued on Page Three

PROVISION MADE FOR ABSENT VOTERS

Application May be Made Now to
County Clerk if Voter Will be Absent
on Nov. 2

MUST BE SICK OR ABSENT

Ballots Will be Mailed Such People
After October 15 if They Make
Proper Application

Applications for ballots to be voted by mail may be filed any time after today with Loren Martin, county clerk. The law provides that such applications may be filed within thirty days before the election. The clerk is not empowered under the law to issue such ballots until fifteen days before election day. The ballots have not yet been printed and the forms cannot be completed by the election commissioners until fifteen days before the election as names of candidates may be added by petition up to that time.

The law specifies that voters who will be kept away from their voting precincts on election day because of business matters and also those who are ill and unable to leave their homes may take advantage of the absent voters' law. Applications for ballots may be made until two days before the election. However, if the ballot has to be sent any distance it is not safe to wait too long to file the application as the clerk may not have sufficient time to mail it so that it can be returned in time to be cast on November 2.

When the ballots are marked and returned to the county clerk he is required to give them to the inspectors of the precincts in which such absentees retain their voting residence. The ballots returned are distributed to the inspectors at the time the supplies for the election are distributed. The inspectors in this county will be called before the election commissioners on Saturday preceding the election day.

If additional ballots are received by the clerk after that time he is privileged to send them to the precincts where they are to be cast by mail, if the time is sufficient, or in his discretion he may have them delivered by messenger. When delivered by messenger the inspector is required to sign a receipt for them.

Conditions are also prescribed for the placing of such ballots in the ballot boxes. The law says:

"Any time between the opening and closing of the polls on such election day, the election inspector of such precinct, in the presence of the election board, shall open the outer or carrier envelope only, announce the absent voter's name and

Continued on Page Three

SUCCESSOR TO RUTH GRONIER IS NAMED

Miss Louise Fort, Graduate Nurse
of Indianapolis, To Fill
Vacancy Here

TO TAKE UP WORK THURSDAY

The Woman's Council appointed Miss Louise Fort, a graduate nurse of Indianapolis, to take the position made vacant by Miss Ruth Gronier, visiting nurse, whose resignation was handed to the council at their regular meeting last Friday at the home of Mrs. T. M. Green.

Miss Fort came here yesterday for the purpose of looking over the situation, and was well pleased with the prospects, and the position was tendered her by the Council. The resignation of Miss Gronier came as a great surprise to the people of Rushville, when announced in the Daily Republican last Saturday. Miss Gronier will leave soon for a visit in Illinois, and on Oct. 31, will be married to H. S. Ryder of North Carolina.

Miss Fort, the successor, will come here Thursday to take up her new duties. She comes highly recommended, and is a graduate nurse of the Robert L. Long Hospital of Indianapolis.

K. P. DANCE For K. P. and invited guests Strictly Invitational Greensburg Jazz Band THURSDAY NIGHT

GLENWOOD MAN FINED

Charles Jones of Glenwood was fined \$5 and costs when he pleaded guilty to public intoxication yesterday morning in Coanersville before Mayor Reider in police court. The arrest was made Saturday night. His fine was stayed.

WIN PENNANT AFTER FORTY-TWO YEARS

For forty-two years Cleveland has been represented in some major league, the last twenty years in the American League, but not until this season did any of its two score of teams bring home the pennant. In 1892 the Cleveland team, led by Pat Tebeau, finished first in the last half of the season, the campaign being divided, Boston winning the first half. In the post-season series Boston won. In 1908 Cleveland lost the American League pennant by half a game.

INDIANS WIN OPENER FROM DODGERS, 3 TO 1

Continued from Page One
FIFTH INNING.
Cleveland—Evans up, flied to Wheat on first ball pitched. Wambagans struck out. Speaker flied to Griffith. No runs, no hits, no errors.
Brooklyn—Konetchy up, flied to Speaker. Kilduff popped to Wood in short right field. Krueger out; Gardner to Burns. No runs, no hits, no errors.

SIXTH INNING.

Cleveland—Burns fanned. Gardner flied to Wheat. Wood struck out. No runs, no hits, no errors.
Brooklyn—Lamar batting for Marquard, lined to Sewell. Olson singled to center. Johnson out, Covelleskie to Burns. Olson going to second base. Johnston is credited with a sacrifice hit. Griffith out, Covelleskie to Burns. No runs, one hit, no errors.

SEVENTH INNING.

Cleveland—Mamaux relieved Marquard at the beginning of this inning. Sewell, O'Neill and Covelleskie, each were fanned in succession. No runs, no hits, no errors.
Brooklyn—Wheat doubled to left center. Myers out; Sewell to Burns. Konetchy out, Burns to Covelleskie, who covered first base and Wheat scored at the plate. Kilduff struck out. One run, one hit, no errors.

EIGHTH INNING.

Cleveland—Jamieson, batting for Evans, out, Olson to Konetchy. Wambagans out; Mamaux to Konetchy. Speaker out, Johnston to Konetchy. No runs, no hits, no errors.
Brooklyn—Kreuger lined out to Speaker who made a good catch. Mitchell batting for Mamaux, singled to right field. (Neis running for Mitchell). Olson is walked. Johnston popped to Gardner. Griffith forced Olson, Wambagans to Sewell. No runs, one hit, no errors.

NINTH INNING.

Cleveland—Smith, batting for Burns, is out, Kilduff to Konetchy. Cadore relieves Mamaux in the box for Brooklyn. Gardner out, Konetchy massisted, Johnston batting for Wood, is out, Cadore to Konetchy. No runs, no hits, no errors.
Brooklyn—Wheat out, Johnston to Covelleskie, who covered first base. Myers flied to Speaker. Konetchy struck out. No runs, no hits, no errors.

FILES POSSESSION SUIT

Thought One Clean Shirt All He Needed

"Ten years ago I was reduced to a mere shadow. I was yellow as a gold piece and would often be doubled up with the most excruciating pains in my stomach. Physicians could only relieve me with morphine. I was advised to try Mays' Wonderful Remedy and it helped me at once. What is more, I have been well ever since. A friend said he thought one more clean shirt all I would ever wear. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At Druggists Everywhere. —(Advt.)

required to be endorsed. The inspector shall thereupon deposit the same in the proper ballot box or ballot boxes and enter the absent voter's name in the poll book the same as if he had been present and voted in person."

If for any reason the ballot sent by mail is to be rejected the reasons shall be written on the envelope, signed by the inspector and delivered to the county clerk with other ballots to be preserved in case of a contest.

A heavy penalty is provided for violation of the absent voter's law. Every precaution possible is necessary to prevent official ballots from falling in the hands of voters who might endeavor to evade the law. Ballots issued by mail do not bear the initials of the polling clerks until they are marked and returned to the precinct to be cast.

While some voter's lay it is not expected that any considerable number of applications will be filed in this county.

CITY IS GRANTED INCREASED RATES

Continued from Page One.

New Power Rates

Consumption per month	Per K.W.H.
For first 500 K. W. H.	\$0.05
For next 500 K. W. H.	.04
All over 1,000 K. W. H.	.03

Equalizing charge per month \$.50

The commission finds that the total operating revenue of the city plant for 1919 was \$57,089.70 and the total operating expenses were \$35,773.25, leaving a net balance of \$21,316.51. It is further shown that based on the first eight months of this year, the total operating revenue will be \$65,537.85, the total operating expenses, \$44,417.76, leaving a net balance at the end of this year estimated at \$21,120.09.

"The above account," the report continues, "shows a gross income for the estimated year 1920 of \$21,120.09, which is equal to a return of 7 per cent on a value of \$301,715. Petitioner estimates the value of its property at approximately \$350,000. The operating expenses in the above income account do not include various items of expense which are borne by the city directly and not charged to the utility. No allowance is made for depreciation in the above income account except to the extent that replacements have been made and charged to the maintenance items. Petitioner estimates that the pro-

Good For Him and His Wife

Harley L. Watkins, 2308 Lytle St., Louisville, Ky., writes: "I found Foley's Honey and Tar just what I wanted for my wife's and my colds." This famous old cough medicine is just as good for children as for adults. It checks coughs, colds, croup, bronchial coughs, and stops that "tickling" throat that keeps one coughing at night. It contains no opiates, nor habit-forming drugs. Prompt and sure in action. F. B. Johnson.—(Adv.)

The Functioning League

The League to Enforce Peace recently issued a statement urging the ratification of the peace treaty, including the league of nations which Mr. Wilson brought back to Paris and in the statement made the bold assertion that the league is functioning. The League to Enforce Peace, however, apologized for the failure to prevent the Russo-Polish war, declaring that the question did not come before the league but was left to supreme council of the entente to settle.

It is interesting to note, in the light of these allegations of the United States league, that the New York Herald of October 2 recounts that nine active wars are in progress at this moment and that there are no less than nineteen fronts strongly held by the armed forces of various nations.

This is indeed enlightening, in view of the fact that Mr. Cox would like to embroil the United States in each and every single disturbance in Europe by putting the United States in the league of nations as brought home by the president.

Ex-President Taft has shown that a lot of perfectly good breath is being wasted over the league of nations issue, because the democrats could not possibly elect enough new senators November 2 to get a two-thirds majority to ratify the peace treaty, but nevertheless the president wants the vote to be a "solemn referendum" on the league issue, and it is taking a prominent place in the campaign.

But in the light of the assertions of pro-leaguers as to what the league will accomplish, it is amusing to read a brief resume of the nine active wars now in progress, as compiled by the New York Herald: The Bolsheviks are fighting the Poles on a front extending from Lithuania to Ukraine, the Poles having a total of more than 625,000 men engaged, and the Bolsheviks with an army variously estimated at from 500,000 to 1,000,000 by conservative counts. Popular reports place the number of the Red forces at much higher levels.

Greeks and Turks are in deadly combat on the so-called Nationalist front, northeast and east of Smyrna. In all 320,000 men are involved, of which the Grecian army is 170,

000 and the Turks 150,400, with large reserves behind both armies. On the British-Turkish Nationalist front at Ismid and the Sea of Marmora the British have had as high as 26,000 men, exclusive of those in Constantinople. These are now being withdrawn for service in Mesopotamia, but there is still vicious fighting in this territory. The Greeks are expected to come in to relieve the departing British forces.

In southern China war is in progress between the provinces of Yunnan and Kwang-Tung, where it is estimated that about 200,000 fighting men are struggling for mastery. Gen. Wrangel has about 40,000 loyal Russians fighting the Bolsheviks in his front north of Crimea, with as many more effectives in reserve. The Bolsheviks are opposing him with an army conservatively estimated at 35,000.

The Lithuanians and the Poles are defying each other with prospects of much larger engagements. There are 23,000 Lithuanians now in actual fighting against about 12,000 Poles, the Poles standing ready to divert a larger army from their Bolshevik front whenever it seems necessary.

The British in Mesopotamia are engaged in a war more expensive and more exhausting than the South African war. Fighting is said to be general throughout the country, and the number of tribesmen in arms been officially estimated at some 34,000 men. The British, it is said, are sending in their troops from Turkey, and now have about 10,000 white soldiers and 60,000 Indian colonials on the fighting line.

The French have their hands full in Asia Minor with the Turks and Arabs. The French army of the Levant numbers about 24,000 men, the minimum strength of their opponents being 20,000 with a large number of reserves to draw upon. The Italians are fighting the Turks in Asia Minor also, holding a line that runs from Adalia along the southern and eastern shore of the Mediterranean to Sokia, with an army of 8,000 effectives. The Turks oppose them with a large force and also have the assistance of the Arabs.

Extravagant Era Passed

Our era of extravagant buying is about over, and its effect is beginning to be felt.

There is a slow but certain tendency toward a decline in prices, with the prospect that another year may witness a material reduction in the cost of living.

But anything like a sudden drop in all lines is not to be expected. It is rather to be avoided, as it might bring our whole commercial fabric tumbling about our ears in the greatest panic in history. And no sane person wants a panic.

Before there can be any great decline there must first be an adjustment in the cost of labor, as well as materials, and it is difficult to conceive the laboring man voluntarily surrendering a portion of his wage.

That will be the greatest obstacle of all to surmount, and only in the exercise of time and infinite patience can satisfactory results be produced.

A dealer in Bloomington, Ill., was so worried over his inability to secure coal for his customers that he committed suicide. That, however, may not be so bad. It saves him the annoyance of freezing to death later on.

All of our wise and astute politicians are strong for letting the women vote—now that they are going to vote anyway.

When people laugh at what you say, it is a joke. But when they laugh at you, you are the joke.

An exchange will be given in the Fred Caldwell furniture store Saturday morning by the first division of the missionary society of the First Presbyterian church.

Current Comment

Senator James E. Watson (Petersburg Press)
Senator Watson is not only one of the real leaders in the United States Senate, he is a national figure whose political fortunes in Indiana this year are being watched with much interest throughout the whole country. A special endeavor should be made by republicans everywhere to see that Watson gets the large vote to which his eminent services to his party and his country entitle him.

Sap and Salt

By BERT MOSES.
Too much visiting will spoil the finest friendships.

Love usually turns out to be something else after you get it.

People who work just for the fun of the thing have the right idea.

There is enough war now without having a Peace League to make more.

The men who make wars are seldom listed among those killed at the front.

Hez Heck says: "The reason the Goddess is blindfolded is because she is ashamed to see what goes on in the court house."

Republican Party Will Protect American Rights

"When the time comes for action, the Republican party will safeguard American rights and uphold the Constitution. Europe will take any league that the United States approves, for we've got the bread basket and we've got the checkbook." SENATOR JAMES E. WATSON in his speech at Princeton, Ind., September 17, 1920.

The Campaign Mother Goose

By Nick West

The Democratic Dollar
A dollar, a dollar,
H. C. L. makes me holler!
My purse has an empty ring.
That dollar once bought me a good square meal,
But now it won't buy me a thing.

Jack Horner Rebels
Little Jack Horner,
Caught in a corner
Was pinched to a fare-you-well,
Till he kicked in the slats
Of the last Democrats
And abolished the H. C. L.

Jack Sprat
Jack Sprat could eat no fat,
His wife could eat no lean,
For Democratic H. C. L.
Had scraped their platter clean.

Poor Miss Muffet
Miss Muffet was hopping;
She'd planned her fall shopping
But the Democrats drove things so high
That the High Cost of Collars
Took all of her dollars
And nary a dress could she buy.

WILLEY FUNERAL WEDNESDAY
Funeral services for Lon Willey, who died in Rushville Sunday night, will be held at the Gowdy M. E. church, Wednesday morning at ten o'clock, in charge of the Rev. James L. Brown. Burial will take place in the Moscow cemetery. Mr. Willey was a member of the Gowdy M. E. church and the Odd Fellows lodge at Blue Ridge.

RURAL DISTRICTS HELP RED CROSS

Seventy-Seven Percent of Service Comes From Smaller Communities in U. S.

REST FROM LARGE CITIES

People Are Easily Reached in Rural Centers and Leadership is More Numerous

The service of the Red Cross in America may be divided roughly as follows: 23 percent to the cities, 77 percent to the small towns and open country. Of this latter division, the bulk of attention has been centered on the small towns, some of the reasons for this being that the chapter seat has been located there; it has been easier to reach people in groups; leadership is more numerous; and the needs in such places are more easily seen.

But now Red Cross efforts are more and more expanding to include the districts lying outside the towns—the real farming districts. Economic conditions have in the past few years drawn special attention to the country as the source of all production, and at the same time people are coming to realize the fact that the country presents an urgent need for social service.

Red Cross Educational Centers are placing great stress on training for rural work, and, as a result, leaders are being developed who desire to work with country people. The summer school at Ohio State University this year included a Red Cross course for Rural Community Organizers, the first of its kind to be offered. It is significant that in addition to the regular students of this course, a number of other students attended the class regularly.

One of the most hopeful indications for the success of this work is the fact that the country people themselves realize that there is a distinct field for a Red Cross worker among them. At present the demand far exceeds the supply. In some cases community studies have been made which revealed needs that were wholly unknown to exist. A program to meet these needs very often involves a Red Cross rural worker.

The work of the County Agricultural Agent and the Home Demonstration Agent have already proven its worth. The suspicion that college graduates have been trained away from the country is gradually dying out. It is a comparatively easy task for a trained leader, who understands and loves country life, to gain the confidence and good will of rural people. The spirit of service which characterizes the Red Cross is well-known to country people, and a worker going out under this emblem will receive a hearty welcome and co-operation everywhere.

The Bureau of Rural Service of Lake Division, American Red Cross with headquarters in Cleveland, is promoting social service work in the small villages and outlying country.

Woman's Misery
The aches and pains which so many women bravely endure are to a great extent unnecessary. You will never fully realize this until you learn how quickly Lightning Hot Drops bring relief. This old, old remedy for internal and external use, is one you can always depend upon for cramps, stomach and intestinal pains, neuralgia and rheumatic pain, toothache, earache, other hurts. Only 5c and 6c per bottle at druggists. It's guaranteed.

Lightning HOT DROPS

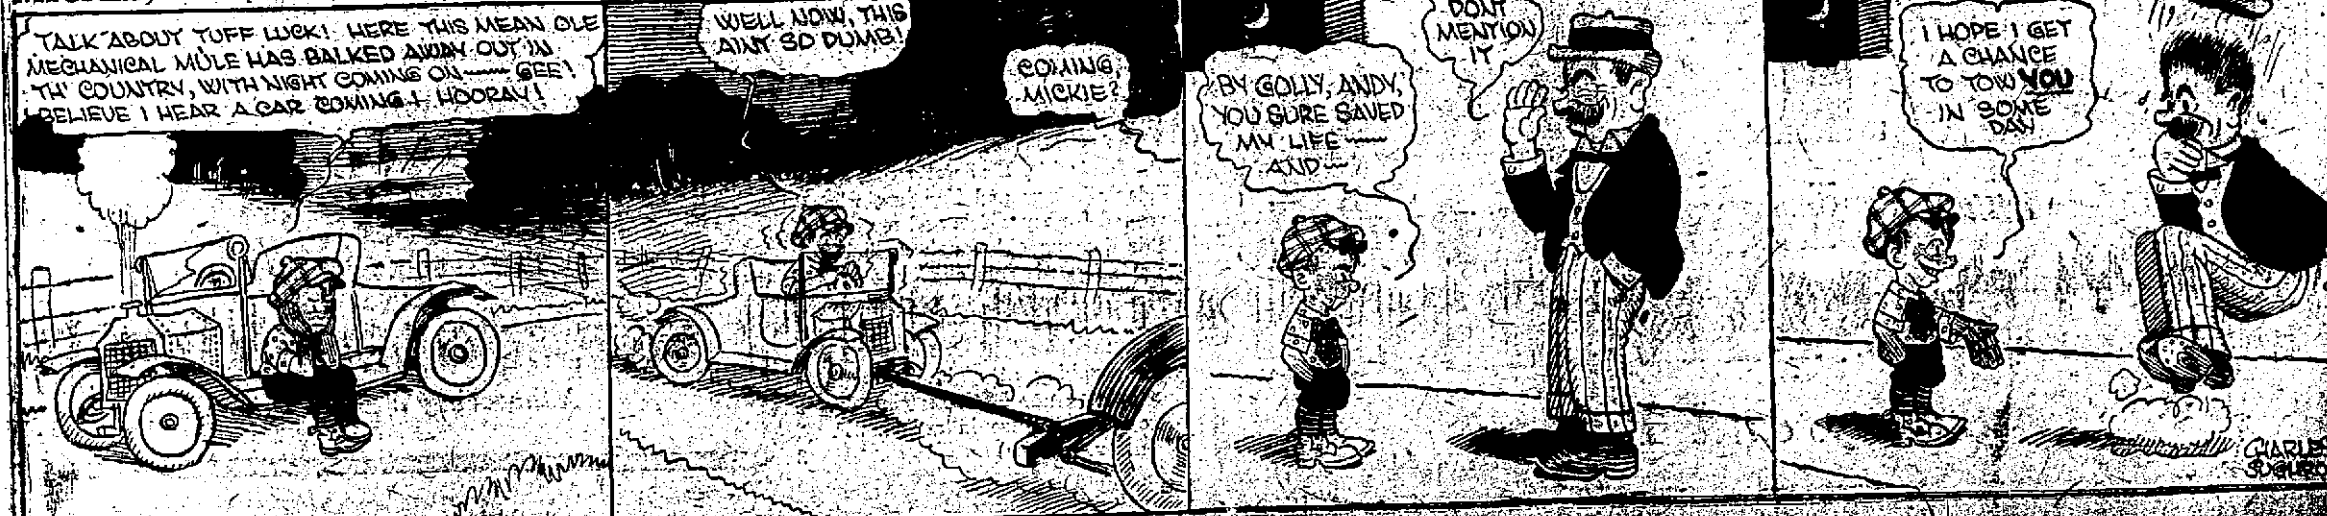

districts. Country Organizers are some chapters the Secretary is being placed in chapters that have voting much time to this field. The distinct rural problems which are type of work varies with the needs not being met by some agency. In of the local community.

Dusty Miller, Auctioneer 328 West First St.

MICKIE, THE PRINTER'S DEVIL

No Reduction in Price of Oakland Sensible Six

At this time when the public mind is disturbed by sensationally announced price reductions of automobiles and other merchandise and commodities, we desire to give assurance to those who require Personal Passenger Transportation, such as provided by the Oakland Sensible Six, that we do not anticipate reducing the price of our cars.

Starting with the production of the raw material required and continuing through to the finished product, over 80 per cent of the cost of an Oakland Sensible Six is labor.

Over 80 per cent of the cost of all other automobiles produced in large quantities is labor.

When wages paid to labor are reduced, or when labor produces more per man, then may manufacturers of honestly priced automobiles legitimately consider the reduction of their selling prices.

We have not heard of any instance where automobile workers are receiving lower wages.

If wages may be lowered eventually we see no immediate trend in that direction.

In the production of so essential a factor in our economic life as the passenger automobile—increasing as it does the personal efficiency of owners by nearly 57 per

cent—we believe the workers whose toil produces the vehicle should be large beneficiaries of the constructive character of their work.

If abnormal demand has been responsible for over-enthusiastic expansion and inflated profits in certain instances, the wage earner should not be made to suffer as he must if powerful forces effect lower automobile prices whether or no.

True enough, there have been many instances of inflated prices. There has been profiteering. And true enough, abnormal profits must be eliminated.

And that is what has been going on all around you recently—the price reductions you have witnessed in automobiles and other merchandise are the belated shaking out of the abnormal profits. The normal profits are still there.

Manufacturers whose goods have been priced on actual cost to produce, plus normal profit, have no inflated figures with which to appeal to the uninformed public in sensational announcements of "Price Reductions." Prudent, studious buyers will not be misguided by erroneous principles.

Oakland Price Advance in Five Years, Due to Increased Cost of Labor and Material, Only 27.4 Per Cent

In 1915 Model 32 Oakland Sensible Six was put on the market at \$795 f. o. b. factory.

Since 1915 the wheelbase of the Sensible Six has been lengthened five inches, its weight increased about four hundred pounds, its horsepower materially increased, its frame made deeper, and in many other ways the car has been enlarged, strengthened, improved and refined.

If the present Model 34-C had been built in 1915, it is more than conservative to say that, based on labor and material costs at that time, we would have been compelled to list it to sell at \$1095, or more, f. o. b. factory

We are therefore able to say, also with great conservatism, that the present price of Model 34-C represents an increase, due solely to increased costs of labor and material, of 27.4 per cent. Larger production each year has kept this increase at a low figure.

Compare this increase with the increase of other automobiles and with commodities—with the things you buy every day.

Nowhere have we been able to find a standard article of merchandise that has increased as little in selling price as the price of the Oakland Sensible Six.

In the event of unexpected reductions in the cost of the labor and material that enter into the construction of the Oakland Sensible Six to a point where we may properly and legitimately reduce the list price of our cars between October 1st, 1920, and May 1st, 1921, we will refund to every Oakland purchaser who buys within the above mentioned period of time the amount of such reduction.

(This Guarantee Does Not Apply to Used Cars or Former Models)

Corner Second and Morgan Streets

SOCIETY

Mrs. Fred Beale will be hostess for the members of the Chit-Chat club Friday afternoon at her home 710 North Oliver street.

Mr. and Mrs. Charles Stucker, living near this city, had as their dinner guests Sunday, Mr. and Mrs. Will Marshall and children and Luther Pribble of Osgood.

The Tuesday Study Club of Raleigh was delightfully entertained this afternoon at the home of Mrs. Ralph Miles. She was assisted by Mrs. Dell Miles. An appropriate program was given, following which the hostesses served dainty refreshments.

Mr. and Mrs. Charles Dagler entertained a number of friends Sunday at their home north of Hagers-town with a delicious turkey dinner. A basket of fall flowers decorated the center of the table. Mr. and Mrs. Spangler and J. Morris Jones of Columbus were afternoon guests.

Mr. and Mrs. Zeno Hodge and Mrs. Caroline Hoge living west of the city entertained with a prettily appointed dinner party Sunday. Fall flowers formed the centerpiece for the table and covers were laid for Miss Amy Bringle, of Lafayette, Ind.; Charles Long of Duluth, Minn.; Mr. and Mrs. Orman Veatch and Oren Veatch.

Mrs. Nancy R. Davis and George E. Kugelman, both living in Indianapolis, were quietly married today at noon at the St. Paul's M. E. parsonage by the Rev. C. S. Black. After a short wedding trip Mr. and Mrs. Kugelman will reside in Indianapolis. The bridal couple is well known in this city.

Honoring her house guests, the Misses Louise Koons, Kathleen Taylor and Mary Anna McFarlan of Newcastle, Miss Mary Elizabeth Beale entertained a number of her friends Saturday evening at Green's camp east of the city with a wiener roast and a marshmallow toast. Thirty guests enjoyed the evening following the wiener roast with music and dancing.

Mr. and Mrs. Emmett Farthing and family entertained at their home near New Salem with a prettily appointed dinner party Sunday. The guests were Mr. and Mrs. Ollie McClellan, daughter Pauline and son Cleo of Orange, Mr. and Mrs. Carlton Chaney, daughter Lona and sons Harold and Dempsey, of Glenwood and Miss Gertrude Angle of Laurel.

Mr. and Mrs. Frank Catt entertained with a prettily appointed family dinner yesterday at their home in North Perkins street. The guests were Mr. and Mrs. W. P. Small, Mrs. Parker and daughter of Albany, Oregon; Mrs. Beckner of Seattle, Wash.; John H. Reed, Mrs. John Nelson, Mrs. H. Havens, Mr. and Mrs. Floyd Woods of near Arlington; Mr. and Mrs. Ernest Alexander, of Detroit, Mich., and Mr. and Mrs. Chester Dearing of this city.

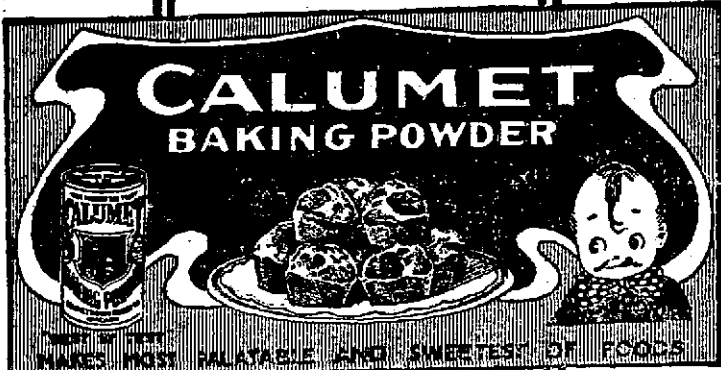

Mr. and Mrs. R. Y. Jordan entertained with a family dinner Sunday at their home west of the city, honoring Mrs. C. H. Reede, and the Misses Virginia Jordan and Lena Mae Jordan, of Flemingsburg, Ky. Those participating in the delicious three course dinner which was served are as follows: Mr. and Mrs. Thomas Jordan and family, Mr. and Mrs. Charles Rucker and family, Mr. and Mrs. John Jordan, Mr. and Mrs. Warren Nelson, Warren, Thomas and Herman Jordan and the honored guests.

Mr. and Mrs. Hubert Land entertained at their country home south of Homer Sunday in honor of Ira C. Land and family, of Tabor, Ill., as this was their first visit

EVERY cent you spend over the price of Calumet might as well be thrown away. You don't get a thing for it. You can't get greater leavening strength or greater purity than are offered in Calumet.

Contains only such ingredients as have been officially endorsed by the U. S. Food Authorities.

No matter what you pay you can't secure as much in sound baking powder quality.

You can buy a cheaper baking powder—a little lower in price than Calumet—and much lower in merit. That's the worst kind of false economy.

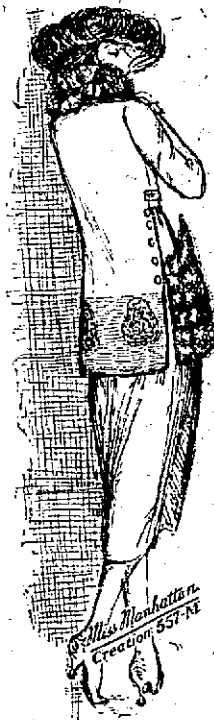

Calumet never fails. Every baking is perfectly raised—sweet, even and tasty.

Used by millions of housewives and is the largest selling brand in the world.

Pound-can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Graham Muffin Recipe
1 cup of white flour, 1 cup of Graham flour, 1 tablespoon of sugar, 3 level teaspoons Calumet Baking Powder, 1 teaspoon salt, 1 cup of milk, 1 egg well beaten, 1 tablespoon melted butter. Then mix in the regular way.

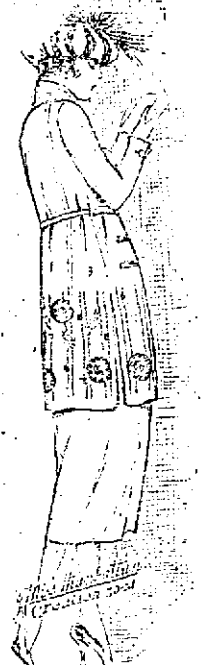

"That Well-Dressed-Look"

No matter what style or fabric you pick in a suit or coat what you're seeking most of all is "That Well-Dressed Look."

That's what this store sells with every Wooltex Tailor-made and it's guaranteed to last for the entire life of the garment.

In our showing of Wooltex Tailors this season the woman can take her choice of suits for dressy wear; braided and embroidered models; of suits for business wear and informal occasion developed in Suedetex, Tricotine or Almarette or of suits for knockabout wear in Checked Velour, in Jersey or in Coronation Mixture.

There is no more flattering tailor-made in the world than a really well cut, semi-fitted model. This one in tricotine is set off by the braid trimming on the coat and down the side of the skirt.

In a Wooltex Tailor-made you can always be certain of the finest all-wool fabrics and the most careful tailoring. That means long wear and satisfaction.

The Mauzy Company

The Store That Sells Wooltex

SAY REGISTRATION IS SATISFACTORY

Republicans are Convinced Larger Percent of Their Vote Than Democrats is Qualified

REPORTS COMING IN TODAY

Reports received at republican headquarters today from the last registration were declared to be eminently satisfactory. The word was given out at headquarters this morning was to the effect that the early indications were the republicans had registered a much larger percent of their vote than the democrats.

Republican precinct workers have been diligent in their efforts since their first registration September 4 to get every republican qualified for voting November 2. They have had an accurate check on every male and female voter in their districts by checking the first registration lists with the poll books.

Chief clerks of the precinct registration boards were reporting to the county auditor's office today and it will only be the matter of a few days until the total number of voters registered will be known. A list of the voters who registered

Monday will be copied in the auditor's office and supplied to the county chairmen of the republican and democratic parties.

Posey No. 1 was the first precinct to be compiled this morning. The number registering there yesterday was 107, making the total for the two registrations in the precinct 373.

MARRIAGE LICENSE

A license to wed was issued today to George E. Kugelman of Indianapolis and Mrs. Mary Davis of this county.

Baby Blinded from Eczema

"The child's head and face were almost a solid sore. The eyes perfectly blind. Doctor said the worst case he had ever seen. One sample of D. D. D. did wonderful work. A complete cure followed."—Thos. J. Dorniney, Jenison, Ala.

You write, too, to the D. D. D. Company of Chicago for a sample and get immediate relief. Or, come in and we will tell you what D. D. D. has accomplished in your own neighborhood. Your money back unless the first bottle relieves you. 55c, 60c and \$1.00.

"DICE SHOOTERS" ARRAIGNED TODAY

Continued from Page One
either later on in the day or early in the morning.

Judge Sparks had delivered a political address in Berne Saturday night, and had returned home late. About one o'clock he received a telephone call to come to the home of a resident in the northeastern part of the city, where the informant asserted was a "craps" game in progress.

The judge couldn't locate an officer, so he went in person, and walked in on the men that were engaged in "shooting craps."

The matter was referred to Prosecutor Stevens and this morning the affidavits were filed in circuit court.

Reports of minors being induced to play for money, has come to the attention of the court frequently, and as the police have not conducted a raid for several months, the judge decided to answer the call in person.

NATIONAL CONVENTION HELD

Elwood, Ind., Oct. 5—Homes were thrown open to members of the National Horse Thief Detective association, which is holding its convention in this city today and tomorrow. The Methodist and Christian churches prepared meals in anticipation of 500 delegates and visitors.

New Hair Growth After BALDNESS

On legal affidavit, John Hart Brittain, business man, certified to this: "My head at the top and back was absolutely bald. The scalp was shiny. An expert said that he thought the hair roots were extinct, and of an age over 60, I have a luxuriant growth of soft, strong, lustrous hair! No trace of baldness. The pictures shown here are from my photographs." Mr. Brittain certified further:

INDIAN'S SECRET OF HAIR GROWTH
"At a time when I had become discouraged at trying various hair lotions, tonics, specialists' treatments, etc., I came across, in my travels, a Cherokee Indian 'medicine man' who had an elixir that he asseverated would grow my hair. Although I had but little faith, I gave it a trial. To my amazement a light fuzz soon appeared. It developed, day by day, into a healthy growth, and ere long my hair was as profuse as in my youthful days.
"That I was astonished and happy is expressing my state of mind mildly. Obviously, the hair roots had not been dead, but were dormant in the scalp, awaiting the fertilizing potency of the mysterious pomade. I negotiated for and came into possession of the principle for preparing this mysterious elixir, now called Kotalko, and later had the recipe put into practical form by a chemist.
"That my own hair growth was permanent has been amply proved."

How YOU May Grow YOUR Hair

It has been proved in very many cases that hair roots did not die even when the hair fell out through dandruff, fever, alopecia areata or certain other hair or scalp disorders. Miss A. D. Otto reports: "About 8 years ago my hair began to fall almost entirely bald. I used everything that was recommended but was always disappointed until at last I came across Kotalko. My bald spots are being covered now; the growth is already about three inches." G. W. Mitchell reports: "I had gone completely bald, over which hair is now growing since I used Kotalko." Mrs. Matilda Maxwell reports: "The whole front of my head was as bald as the palm of my hand for about 15 years. Since using Kotalko, hair is growing all over the place that was bald. Many more splendid, convincing reports from satisfied users."

KOTALKO SOLD BY
Hargrave & Mullin
F. E. Johnson & Co
Pitman & Wilson
Frank E. Wolcott
And by Drug Stores and
Dept. Stores Everywhere

KOTALKO contains GENUINE BEAR OIL and other potent ingredients. No alcohol, no shampoo; but a hair elixir of wonderful efficiency. All ingredients are safe and harmless, even for a child's scalp and hair. Positively KOTALKO is one delightfully reliable hair preparation that succeeds upon genuine merit. "Buy a box of KOTALKO at the drug store. Or ask for Kotalko at the toilet goods or drug counter of any large department store. Remember the name. Accept nothing else as 'just as good.' Still, as GUARANTEE. Or if you send 30 cents (silver or stamps), you will receive a PROOF BOX of Kotalko with BROCHURE. Determine NOW to eliminate DANDRUFF, to treat BALDNESS, to STOP HAIR FROM FALLING. Get a box of guaranteed KOTALKO, apply once or twice daily; wash in your hair. For PROOF BOX (10 cents, none otherwise) write to JOHN HART BRITTAI, Inc., BT-69, Station F, New York City.

Senator Watson and Family Enjoy Summer at Winchester

IN BOYHOOD HOME, INDIANA STATESMAN VISITS AGED MOTHER, CHATS WITH BOYHOOD CHUMS AND ATTENDS CHURCH OF HIS YOUTH—CRITICISM OF WATSON IN WINCHESTER IS NEVER PERSONAL, EVEN FROM OPPONENTS.

By Della Ballard
Of the Staff of the Winchester Herald

Winchester, Ind.—Those observers of the trend of Indiana politics who have been led to believe that all of Senator James E. Watson's time and attention is being given to the campaign, should pay a visit to Winchester over a week-end and see the domestic side of the senator's life.

This is Jim Watson's boyhood home. Everybody knows him. Here he went to high school, read law in the office of his father, the late Enos L. Watson, and participated in all the games and diversions of the youth of this vicinity. Although Rushville is

Senator James E. Watson, Mrs. Watson, His Mother and Three of Their Four Children at the Mother's Home in Winchester.

the senator's home his family is here for the summer. Mrs. Watson also grew up in this community and her family lives here.

The Watsons have four children—Joe, age 12; Kathryn, 16; James E., Jr., 22, who was a private in the marines in the world war, and Edwin G., 27, who was a captain of infantry.

Staying With Grandmother.
In the heart of Winchester stands the home of the senator's mother, and this sweet-faced little woman, who admits she knows very little about politics but knows her son better than anybody else in the world, sits in a wheel chair surrounded by relatives who minister to her wants. It would be hard to find a more cheerful person than Mrs. Watson. Although she is past 89 and almost helpless from the infirmities of age and the result of a fall last winter, she is cheerful and optimistic and gets much enjoyment out of life.

Senator and Mrs. Watson decided that they could spend the summer in no better place than the ancestral home, so they disregarded the call to the mountains and the seashore and came early in the summer to Winchester. They felt that "Grandma" needed them, and to them it is the pleasantest place in the world. It is the scene of family dinners and home-

this conservative community with his pranks, but at the same time they concede that nobody was ever injured by anything he did.

Sang in Church Choir.

He seemed to get a lot of fun out of life, even at that early age, and was a charter member of the "Don't Worry Club." He made a fair record of attendance upon the Methodist church and was a leader in Epworth League and other religious activities. He sang in the church choir for several years. In the elections in which he has been a candidate, he has always polled a heavy vote in his boyhood home, frequently leading his ticket, and it is predicted by the people here that he will maintain his batting average in this year's campaign.

Surrounded by Family.

"Grandma" Watson's home is a one-story cottage with a front porch, and it nestles in a group of pine trees surrounded by an ample lawn and all the quiet refinements characteristic of the plain Indiana citizen in an average Indiana town. "Grandma" Watson's comfort is being looked after by Mrs. Watson, the senator's wife, by Mrs. Eva H. Watson, and by sons, daughters, grandchildren and great grandchildren—all together a cheerful and happy group.

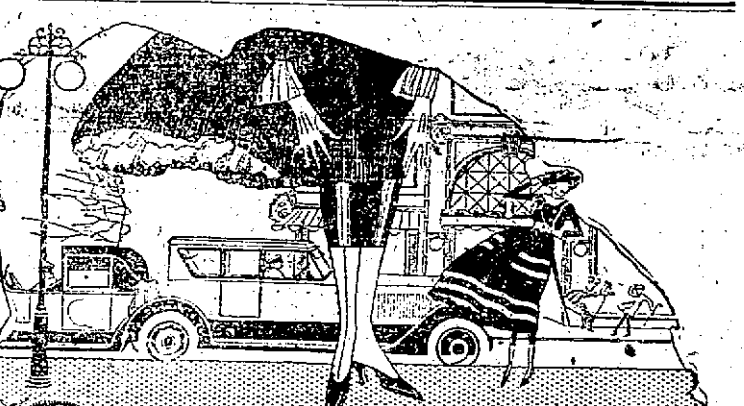

WRIGLEYS

The children love Wrigley's—and it's good for them.

Made under conditions of absolute cleanliness and brought to them in Wrigley's sealed sanitary package.

Satisfies the craving for sweets, aids digestion, sweetens breath, allays thirst and helps keep teeth clean.

Costs little, benefits much. Still 5c Everywhere THE FLAVOR LASTS

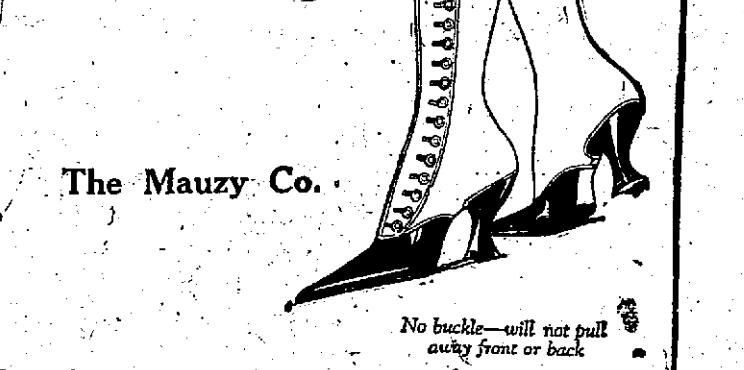

Tweedie BOOT-TOPS
More Than a Spat

TWEEDIE BOOT TOPS are tailored, not merely made; shaped, not just sewn together. Pulled on over the heel—not like the old-style spat over the toe—Tweedies will not lose their shape.

Tweedies in popular color tone of specially imported Trayton Kersay and Amsden Buck are the mode—the vogue.

We have your size in the genuine, the Tweedie label sewed inside each pair.

No buckle—will not pull away from or back.

REDS ARE CRUSHED BEFORE POLISH ARMY

Scandinavian Countries Report Russians are in Turmoil With Strikes and Hunger

POLES ADVANCE 150 MILES

(By United Press.)

Londn, Oct. 5—Enemies of Bolshevism are crushing the reds before the Polish army on two fronts. Reports from the Scandinavian countries indicated the Russians were in a turmoil with strikes and hunger. A military statement from Warsaw stated the Polish troops along all fronts were unhindered in their advance eastward.

The communique stated the Poles have advanced 150 miles with the Bolsheviks suffering heavy losses. Twenty-six Bolshevik divisions were destroyed.

The number of prisoners in the last Polish drive was announced at 42,000. General Pilsudsky, head of the Polish government, was reported to have taken the field personally in order to make the attacks more effective.

NEW COURSES ARE PLANNED

Indiana Extension Department Offers Commercial Subjects

Indianapolis, Ind., Oct. 5—Several new courses will be started in this year's curriculum of the Indianapolis Chapter of the American Institute of Banking.

The Indiana University Extension Division will have supervision of the courses and university credits will be given.

The following courses which were given last year will be repeated this fall; Commercial and Banking Laws instructor Paul McNutt instructor at the University Law School; elementary banking and standard banking, instructor Frank Streightoff, Political economy and accounting, Instructor A. P. Prickett.

Productive Denizens of the Sea.

The teeth of the shark sell readily and are utilized by manufacturing jewelers in ornaments of one kind or another. From the blood of the sea mammals we now get the basic substance for a very superior kind of waterproof glue, which is used in the preparation of laminated or built-up wooden stock from which the propellers and other parts of aircraft are today fashioned.

TO THE PEOPLE OF AMERICA

Every person, sick or well, should know of my marvelous pure herb family medicine—BULGARIAN BLOOD TEA. After a 20-year test I am ready to guarantee to the world that it is the best Blood Purifier and Health Regulator in existence today.

To those who suffer from early old age, stomach, liver, kidney, blood or rheumatic troubles Bulgarian Blood Tea is the one best medicine to relieve and correct these ailments. It is remarkable how quick you will begin to pick up and be your old-time self again.

During the 1918-1920 influenza epidemics Bulgarian Blood Tea was used by countless thousands of sufferers. They met with marvelous success. Millions of people took it steaming-hot to prevent and ward off the disease.

As a general first aid family medicine it has no equal. Every person should have a box constantly on hand for any emergency—to kill colds, allay fevers and guard against influenza, pneumonia or other serious sickness. I sincerely urge all mothers and fathers of families to apply to their druggist for a trial box of Bulgarian Blood Tea.

Distributors are authorized to return the full purchase price if Bulgarian Blood Tea does not materially improve the health in three weeks' time.

FARMERS PLANNING A TOUR

Livestock Project Will Take Montgomery Farmers on a Trip

Crawfordsville, Ind., Oct. 5.—Plans for an extensive trip are under way for the farmers and business men of Montgomery county according to County Agent E. Ackerman. Together with other county agents Ackerman is completing plans for a tour of a number of states and important cities in the middle west.

Soil and Livestock projects will be gone over by the farmers and an inspection of the offices of the Indiana Farmers Federation will be made by the party. The first stop will be made at Chicago. The plans have been completed and no exact date has been set for the trip.

Amusements

Charles Ray at The Princess

Charles Ray has another country boy characterization in "A Village Sleuth" coming to the Princess Theater for the last showing today, but this time with a brand new twist. The picture was produced by Thomas H. Ince for Paramount release.

According to the story, Charlie is a farmer's son, with aspirations to become a great detective. His bungling amateur efforts when thieves invade his father's melon patch leads to his departure from home and a new job as man of all work around a private sanitarium. Here he becomes involved in a mystery worthy of a Sherlock Holmes and wins his spurs when he solves it. Of course there's a girl in the case.

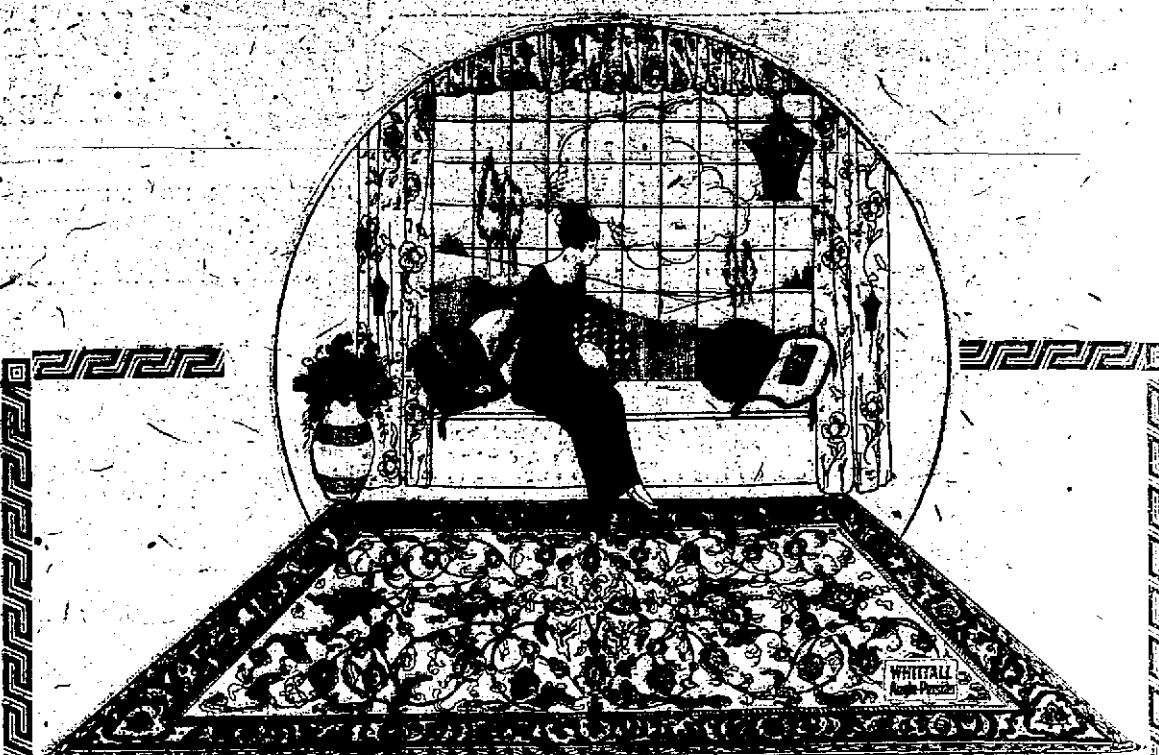

Mr. Ray is supported by a cast including Winifred Westover, Lew Morrison and Donald MacDonald. Jerome Storm directed the picture and it was adapted from a story by Agnes Christine Johnston.

Buck Jones at The Mystic

William Fox will present Buck Jones, the new sensation of the screen in "The Square Shooter" tomorrow at the Mystic Theatre.

Buck is a real soldier of fortune. He was born in Vincennes, Indiana, but at an early age tired of life there and went to Red Lodge, Montana, as a cowpuncher on the Triangel Bar Ranch. Six months there was enough for him and he enlisted in the Sixth United States Cavalry, went to the Philippines, was wounded and sent home, was transferred to the air service, and in 1913 was discharged from the army. He then signed with Miller Brothers 101 ranch in Oklahoma.

When war was declared in Europe he went to Chicago, broke horses for the French government, then went overseas. He was attached to the staff of a French general who had learned of his air experience, and made several trips over the enemy's lines. His riding attracted

The World Sees Your Windows— And Promptly Passes Judgment

The only part of your house furnishings seen by the "general public" are your window draperies—your curtains, particularly. That's what gives their selection such tremendous importance.

That, too is why the national

Home Craft Week--October 4th to 9th

the week dedicated to the things that make home more livable and more lovable—centers in the featuring of window drapes and drapery materials—and particularly—Quaker Craft-Lace.

We have spent months preparing for this event. Now we invite you to inspect the finest display of drapery materials and decorative ideas ever offered the homemakers of this city.

Here are just a few of many splendid items of merchandise gathered from the world markets.

SECTIONAL CRAFT LACE

—designed in a series of sections to fit windows of varying widths. Panels in Fillet, Amerex and Irish Point, specially priced now from 75c to \$1.25 per panel. In ordering allow 5 to 6 inches in width for fullness.

MAYS

INCREASE PROFITS BY GRADING ALL PRODUCE

Farmer Should Sort According to Size and Quality.

Grade Specifications Recommended by Bureau of Markets Have Benefited Farmers Materially Where Practiced.

When a farmer orders a box of bolts of a certain make and size he does not expect to find a thin layer of the bolts specified on the top of the box and assorted bolts underneath. In the world of commerce a manufacturer who pursued such practices would soon be bankrupt.

The same principle applies to the sale of farm products, say specialists of the bureau of markets, United States department of agriculture. Before sending produce to market the farmer should sort it as to quality and size. The bureau of markets from time to time has recommended grade specifications for various products, and wherever these recommendations have been followed satisfaction and increased monetary returns have generally resulted. For instance, it is estimated that in 1919 the potato growers in Virginia increased their profit a half million dollars by grading their produce. Similar results are being obtained in other states.

PLOWING FOR WINTER WHEAT

Decided Advantage in Preparing Land Early Is Shown by Experiments in Kansas.

In Kansas experiments, wheat planted on land plowed in late July or early August yields on the average of 15 bushels per acre, whereas, wheat planted on land plowed in September has yielded only 11 bushels per acre.

BEAVER BOARD

FOR BETTER WALLS & CEILINGS

Build More Comfort into the Farm Home

Your farming success entitles you to more home comforts and conveniences. That's what a man works for, after all, so why not have these good things now?

Why let the home get run down just at the time when you should enjoy it most? First, renew the old, cracked, tumbledown walls and ceilings by covering them all with Beaver Board. It will make new rooms of the old ones.

This done, you'll feel like tackling other things because building new rooms with these large, board-like panels is so easy. You can do the whole thing yourself.

SLAMS PROGRESSIVES WHO STAND WITH COX

Col. Robins Cites Incidents Where Democrats Claim Some Progressive Votes

THE BETTER ONES CAME BACK

Havre, Mont., Oct. 5—Before leaving here on his Northwestern speaking tour Col. Raymond Robins gave out this statement in reply to the Democratic announcement that Ben Lindsey, Francis Heney and thirteen other conspicuous Progressives had come out for Cox.

"Judge Ben Lindsey and Francis Heney swinging to Cox is much as when Holland swings to the Dutch. Both supported Mr. Wilson in 1916 and each has been identified with the Wilson administration, one as a paid attorney and the other as a privileged writer and traveler in support of Wilson policies. Judge Lindsey never quite forgave the Progressives for not nominating him for vice-president in 1912 and Mr. Heney has never recovered from his defeat by the Progressives of California as a candidate for the United States Senate in 1914.

"Intelligent Progressives who are interested in what other Progressives are doing in this campaign will be more inclined to follow Senator Hiram Johnson and Myer Lissner of California, Dixon and Shelley of Montana, Howell and Corrick of Nebraska, Allen and White of Kansas, McCormick and Knight of Illinois, Beveridge and Toner of Indiana, Garfield, Garford and Brown of Ohio, Von Valkenburg, Moore and Lewis of Pennsylvania, Davenport, Hooker and Wilkerson of New York, and hundreds of other leading Progressives who kept faith with Theodore Roosevelt while he lived and now support Senator Harding, rather than those who abandoned Roosevelt's leadership for the man who kept us out of war and who was too proud to fight."

WATSON ONE SENATOR SURE OF ELECTION

National Committee Compiles a Summary of The Senatorial And Congressional Outlook

REPUBLICANS SURE OF 15

Indianapolis, Ind., Oct. 5—Senator James E. Watson of Indiana is one of fifteen United States senators catalogued by the Republican National Committee as sure of election, according to a summary of the senatorial and congressional outlook compiled by the national committee and received here today.

Of the thirty-four senators to be elected in November the Republicans are sure of fifteen, reasonably sure of eight others and have a fighting chance for still another two, the statement from the national committee says.

The fifteen listed for certain elections are: Shortridge of California; Brandegee of Connecticut; Gooding of Idaho; Watson of Indiana; McKinley of Illinois; Cummins of Iowa; Curtis of Kansas; Moses of New Hampshire; Wadsworth of New York; Ladd of North Dakota; Willis of Ohio; Penrose of Pennsylvania; Norbeck of South Dakota; Dillingham of Vermont; and Jones of Washington.

PRESBYTERIANS OPEN MEET

Speakers of National Prominence Will be on Program

Crawfordsville, Ind., Oct. 5—More than 350 representatives of the Presbyterian churches over the state attended the meeting of Presbyterian ministers which opened here today.

Speakers of National Prominence will be on the program during the three days which the convention will be in session.

This evening the Rev. S. S. Palmer, of Columbus, O., moderator of the general assembly will address the convention, which is expected to be one of the most interesting features of the session.

Biblical Information.
The Lookout prints the following information about the Bible: "The Bible contains 3,566,480 letters, 810,697 words, 31,175 verses, 5,139 chapters, 66 books. The longest chapter is Psalm 119, and the shortest is Psalm 117. This is also the middle chapter. The middle verse, however, is Psalm 118:8. The longest name is in Isaiah chapter 8."

MORNING TO YOU, PETE!

Who crossed my trail in the hotel this afternoon but "Long Sam" Weaver! Last time I saw Sam to chin to was that night of July 15th when our old 38th clinched the "Rock of the Marne" title! And, I guess you won't forget that night, old glue pot—everybody was stuck on you!

Sam and I fought the war all over again and dug into our Camel supplies like it was "free commissary". Sam never will get all done talking about that session when we couldn't move a hair without getting a close shave—and, no eats or smokes!

Sam has some song about how good Camels were to him in France—and ever since! That bird has the warble! Why, Camel talk trickles off his tongue like water flows over Pa Smith's mill dam! Pete, old carpet tack, Sam has a head all right!

"Camels certainly are friendly", was the way Sam put it in his old-time vigor-vim style. "You know as well as I do", he added, "that no other cigarette has such a mild, mellow body. And, there's no harshness or tiredness of taste in a million Camels! No objectionable odor, no lingering unpleasant aftertaste! Summing it all up, Shorty, I'll say Camels are the greatest cigarettes in the world at any price!"

Headed southeast tonight, with Winston-Salem, N. C. my first port of call. Some jump from K. C.! Pete, it's Winston-Salem where Camels are made! GET ME!

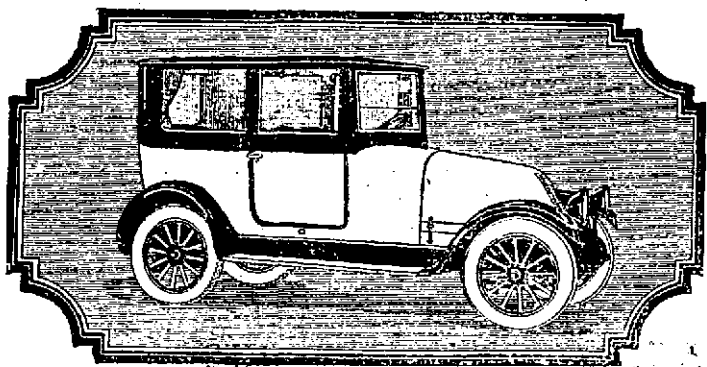

Sincerely,

Shorty.

ARE ALLOWED TIME TO VOTE

20,000 Women Teachers in State are Eligible

Indianapolis, Ind., Oct. 5—Women teachers in the state will be allowed time to vote at the November elections even if the schools are forced to close for part of the day or all day according to L. N. Hines, superintendent of Schools.

"There are approximately 20,000 women teachers in the state who are eligible to vote", according to Mr. Hines, "and I believe that it is not only their privilege but their duty". Hines said he believed if the teachers were forced to take all day the school "kids" would have no objections.

Excellent Philosophy.
Life is like a game of whist. I don't enjoy the game much; but I like to play my cards well and see what will be the end of it.—George Eliot.

Attention Milk Producers and Farmers

The majority of steer feeders in this section did not get first cost of their cattle this past spring and nothing for their feed and labor.

Dairy cows are the best to feed in order to realize a profit because the milk more than pays feed and labor. With bumper crops and good demand for milk they will bring large returns this winter.

Why not increase your herds and get a sure profit and a fair return on the money invested?

As we specialize in Tuberculin Tested Cows for dairy use exclusively, we are in a position to furnish any number and breed desired on short notice. We carry a large supply on hand at all times. Prices quoted on request.

Healthful Days Of Former Youth Are Now Enjoyed

"Why Shouldn't I Praise Trutona?"
Asks Mrs. Lindsey After Being
Greatly Benefited

Terre Haute, Ind., Oct. 4—"I can honestly say that I feel in better health and stronger now, than I ever have since I was a girl, and its because I've been taking Trutona," says Mrs. Clara A. Lindsey, 60 years old, who lives in Terre Haute at 233 South Eleventh St.

"For two or three years I have suffered with kidney and bladder troubles. Pains in my back caused me much suffering, and I would feel stiff and sore all over at times. My bladder was badly irritated, causing me severe pain. I suffered an attack of the la grippe several weeks ago and this left my system in a weak and run-down condition. My food didn't taste right and I was so nervous I could sleep but little at night.

"I can truthfully say that I feel like a different woman, since taking Trutona. My appetite is so improved that I can actually enjoy a real meal nowadays. Everything tastes so good. I haven't had a pain in my back for two weeks, and the pains from my bladder are much improved, too. I sleep soundly now, and get up in the morning feeling refreshed. Trutona, has done all this for me, and why shouldn't I praise the Perfect Tonic?"

Trutona is a great reconstructive tonic as well as an unsurpassed combatant of stomach and liver troubles. Trutona strengthens the nerve centers, rebuilds broken-down and worn-out tissues, revitalizes the blood, and gives to your body vim and vigor of the kind that scoffs at age.

Trutona is sold in Rushville at Hargrove and Mullin's Drug Store. (Adv.)

STAGE STAR ON THE STUMP

Lillian Russell May Speak For Republicans in Indiana

Indianapolis, Ind., Oct. 5—Lillian Russell, the famous stage star, who is a warm admirer of Senator Harding, according to word received here today from Chicago, where the speakers' bureau of the Republican national organization is located.

Miss Russell, who in private life is Mrs. Alexander P. Moore, of Pittsburg, has been on the stump in Pennsylvania the last week. She has announced her intention of speaking in the mid-west states after completing a tour of her home state. She has offered her services to the national committee free of charge.

Get Close

By GEORGE MATTHEW ADAMS

MANY a General, since Time got on going, has bitterly learned the futility of fighting a battle at long range. Also, many a Business man has learned to his sorrow the disaster back of a distant relationship between himself and his customers.

Step a Step Closer.
Individual supremacy and power result from combat, whether or not it is a Battle of Arms, a Battle in Business, or a Battle with your own Self. And the closer you get to your Opponent the surer you are of Victory.

Step a Step Closer.
Another thing to remember—Imagination is a powerful factor in Success and the closer you are to your work or your Opponent, the bigger will be your vision, the more will you see, and the clearer will loom the real purpose back of each effort that you make in life.

Step a Step Closer.
Close quarters you are able to detect defects, and correct them. Close centered there is no lost motion, but power in every stroke. If you will but apply the suggested thoughts back of this little talk, to your work today, larger growth is sure. You will be a bigger man or woman.

Eager to Have It Out.

"Kate never seems to grasp anything you tell her."
"No; she's the kind of woman who instead of listening to what you are saying is already listening to what she is going to say."—Boston Transcript.

SPECIALIST**

INDIANAPOLIS OFFICE
3rd Floor Traction Terminal
Bldg. Office Hours, 9 to 12—
1 to 4, Wednesday and Saturday, 9 to 12, 1 to 4, 6 to 8. Sunday 9 to 12 only.

ESTABLISHED 1899

DR. OSBORN

The Old Reliable Specialist
OF INDIANAPOLIS

Will be at:

SCANLAN HOTEL

Rushville, Ind., Friday, Oct. 8th, 1920

Hours: 9:00 A. M. to 4:00 P. M., every four weeks thereafter.

AVOID THE OPERATING TABLE

Dr. Osborn's Improved Methods Are Exclusively His Own, and There Is No Guesswork About It—They Have Proven Successful.

In the treatment and cure "Without the use of the knife" of Piles, Fistula, Fissure, Prostatic Enlargement, Rupture, Chronic Diseases of the Kidneys, Bladder, Obstruction, Rheumatism, Goiter, Stomach, Bowels and all other curable Chronic Diseases.

NO MATTER HOW OBSTINATE OR HOW CONTRACTED—CURED
When I say I can cure you can depend upon it, for I know from the successful results in thousands of similar cases, to yours, just what I can accomplish. Grateful patients treated by me are constantly recommending others, and this is why I possess such a large practice. Men! Women! If you do less than you should, on your farm, at your desk, or in your shop, you are in some way weak. If you can't accomplish all that you expect or hope for, you are the silent sufferer from some hidden disease that affects one or more of the important nerve centers of the body. These neglected, or unknown conditions, are usually diseases of the Pelvic System, which reflexly act upon the organs of elimination, digestion, and the nervous system, which in turn has its influence on the brain. I have made a special study of the Nervous System, and have perfected methods that will cure where ordinary methods have failed. I will give you a searching and thorough examination, FREE, thus determining the exact location of your trouble.

BEAR IN MIND that I have in Indianapolis one of the most modern and thoroughly equipped offices in the state with a specialist in charge, who is ripe in years of experience, rich and mature in learning in his chosen work. That neither one of us promise you more than we can give, and should you be unable to see me on date specified above, you can write, or better still, call at my home office, 314 Traction Terminal Building, Indianapolis.

I do not use the knife, neither do I do any cutting.

Tomorrow may never come—Get in touch with me today.

Are You Ruptured?

No ruptured man, woman or child need be told of the suffering and agony resulting from the neglect of this awful affliction, nor of your many disappointments and failure to find a cure by experimenting with old-fashioned treatments, leaving you the sufferer in even worse condition than before, and mentally skeptical of ever being cured.

Every ruptured person in Indiana who calls to see me is entitled to a Free Trial of the

DR. OSBORN Self-Adjusting Rupture Appliance

REMEMBER—It required much of my time during the past 21 years, also labor and great expense to perfect this wonderful, simple and effective Appliance and make it possible to assure you relief. Know also that I ask NO MONEY UNTIL YOU ARE SATISFIED, as hundreds of others are now.

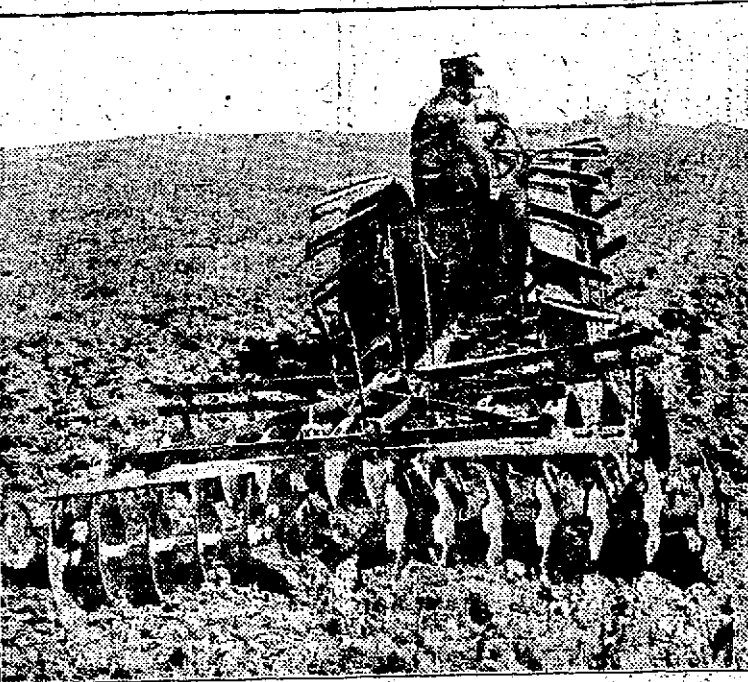

I Can Help You Now, Tomorrow May Be Too Late—Come and Get the Proof FREE.

It makes no difference what your present physical condition may be or what you have endured in your vain hunt for relief—YOU HAVE NOT TRIED DR. OSBORN'S SELF-ADJUSTING RUPTURE APPLIANCE, and you will never be satisfied until you do.

INDIANAPOLIS OFFICE

3rd Floor Traction Terminal Bldg. Office Hours, 9 to 12—1 to 4, Wednesday and Saturday, 9 to 12, 1 to 4, 6 to 8. Sunday 9 to 12 only.

TRACTORS ARE DISPLACING HORSES

One Man and Tractor Doing the Work of One Man and Four Horses.

Tractor investigations, with special reference to the influence of the tractor on horse labor, were made in the summer and fall of 1918 on 191 corn-belt farms. The operators of these farms, all tractor owners, were visited by a representative of the United States department of agriculture, and detailed information on all farm operations was gathered. The inquiry covered a full year's work, so that the part played by the tractor might be noted in all its relations.

The investigation was carried on in Ohio, Indiana, Illinois, Iowa, Missouri, Kansas and Nebraska. In each of these states localities were visited in which a large number of tractors were in operation. The information obtained, while perhaps strictly and fully applicable only to the farms visited, may be taken as a general guide as to the results which might be obtained in using a tractor on any corn-belt farm of like type and organization.

The statements here made and conclusions drawn are not advanced as being final, but simply as additions to the available information regarding farm tractors.

Range of Conditions.

To obtain results which would give as near a representative average as possible, an effort was made to get reports covering tractor operations under as many different conditions as possible, and hence the conditions represented range from adverse to ideal. The farms visited ranged from flat to hilly. The soils varied from the heaviest through all the various loams, to light, drifting, sandy soils. Some of the farms were under cultivation on these farms were formerly unproductive, owing to the inability of horses to plow the soils. With the introduction of the tractor, this land has come under cultivation and is now yielding big returns. It

Four Horses and One Man Doing the Work of a Tractor.

was found that tractors were operated successfully in what would be termed unfavorable as well as favorable seasons, which would tend to show their general adaptability.

While the section covered is roughly called the corn belt, farm practices are not uniform throughout the region. In most parts of the eastern corn-belt states commercial fertilizers and lime are used, these being applied by horse-pulled distributors. In preparing the land for crops all the ground may be plowed, or the small grain may be seeded on the previous year's corn ground by disking or harrowing, without plowing. The latter practice reduces work for horses or tractor in the busy season. Whether tractor in the busy season. Whether the most of the plowing is done in the fall or only a small part, and the rest in the spring, depends largely on local conditions. Where fall and spring plowing are done in about equal amounts on individual farms, the tractor is used more in the fall than in the spring, and horses vice versa. It was found that when all the reports obtained were grouped together, only five more operators plowed in the fall than in the spring, but the number of acres

plowed in the fall averaged 23.7 more per farm. The number of men using horses as an auxiliary source of power was practically the same in each case.

Tractor Saves Labor.

Many farms have woodlands, and as these are cleared the tractor is used for sawing wood for market, thus increasing the days of belt operation. The scarcity of labor in 1918 hampered the gathering of crops, and in the states on the eastern edge of the corn belt the tractor was used to a considerable extent in the hay field, to the exclusion of horses.

As corn is the principal crop in this region, the effect of the tractor on horse labor will be more noticeable in the case of this crop than that of any other crop grown, the average acreage of corn per farm of those visited being 33.5 acres, which is 32 per cent of the tillable area of these farms. The remaining crops grown on these farms, in order of crop acreage, are: Wheat, hay, oats, barley and rye.

Only the physical relationship of tractor power to horsepower has been considered, and no attempt is made here to compare the relative costs of doing work by these sources of power. The number of horses displaced on these farms is also shown, but no inference has been drawn as to whether the work is being done more cheaply as a result of the change.

Summary of Results.

Briefly summarized, these are the principal facts brought out or emphasized by this study:

1. The number of horses disposed of on 141 farms averaging 340½ acres, on which tractors had been used for a year or over, was 2½ per farm.
2. The average number of tillable acres per horse increased from 26½ to 38½ after the purchase of the tractor.
3. Nine operators out of 191 displaced horses entirely on plowing, disking and harrowing.
4. Only 16 operators allowed their horses to stand idle while the tractor was in use.
5. The number of horses displaced by the tractors on these farms was governed by the number it was necessary to retain for corn cultivation and other work current at the same time, which the tractor could not do.
6. The horses remaining on these farms are doing about 75 per cent of the tractive work and tractors the remainder.
7. The tractor was used for an average of 20 ten-hour days per year on the home farm. No record of the amount of custom work done was obtained.
8. A three-plow tractor on these farms does the work of 8½ horses in plowing, disking, harrowing and harvesting.
9. After purchasing the tractor, the average size of the farms was increased by 22 acres, or 64.3 per cent.
10. The principal advantage of a tractor is its ability to do heavy work in a shorter time than it can be done with horses.

REPUBLICAN CANDIDATES FOR CONGRESS ARE ACTIVE

Indianapolis. — (Special.) — All the Republican candidates for re-election to congress are actively engaged in the campaign, according to reports received at Republican state headquarters from the district chairmen. Indiana now has a solid congressional delegation in congress and every representative is confident of being returned. This state's Republican delegation made a good record and the party leaders feel it is sure to be returned to power on that record.

Watson on Stump.

Campaign leaders are pointing out that it is especially necessary to return the Hoosier Republicans to congress this year in order that a Republican majority in the senate and house to co-operate with the executive on the big problems of reconstruction and domestic legislation which face the nation.

Senator Watson, who has been on the stump for the last three weeks, is developing great strength, his friends report. The senator has been accorded a warm welcome on every appearance.

PAY TELEPHONE TOLL

Don't over look to pay your telephone toll before Oct. 12 if you wish to avoid paying 15 cents extra for collection. No notice will be given by telephone. M. V. SPIVEY, 171110. Secretary

INDIGESTION IS A BAD AILMENT

PEPSINCO

IS THE BEST REMEDY

Indigestion and dyspepsia are amongst the most aggravating ordinary ailments, either can develop into serious danger. Each may exhibit dangerous aspects, in any case they are always distressful and should not be permitted. Take PEP-SINCO which is the best remedy for indigestion on the market to-day. You will appreciate its prompt action and its complete benefits to thoroughly relieving food distress or stomach faults.

Ask your druggist—he sells and recommends Pepsinco.

Be kind to your feet. Teach them that c-o-m-f-o-r-t spells good walking. And give your pocket-book a chance at the same time.

We cannot give our shoes away. But we are satisfied with a moderate, decent living profit.

NOTICE OF FINAL SETTLEMENT OF ESTATE

Notice is hereby given to the creditors, heirs and legatees of Mary E. Davis, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 8th day of October, 1920, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

Witness, the Clerk of said Court, this 14th day of September, 1920.
LOREN MARTIN,
Clerk Rush Circuit Court.

Taste Taken Out Of Castor Oil By New Process

Remarkable Method Perfected by Laboratory Experts of Spencer Kellogg & Sons, Inc.

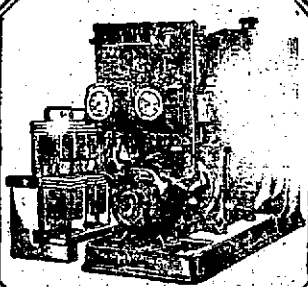

When the doctor says "take castor oil" you need no longer shudder. By a new scientific process all the disagreeable features have been removed from this famous old remedy. Chemists of Spencer Kellogg & Sons, Inc., have perfected a remarkable process by which all nauseating taste is eliminated from castor oil. Nothing is removed except the taste. Strength and purity remain the same—a 100% pure castor oil. Kellogg's Tasteless Castor Oil settles the question of the best laxative. No pills or drugs are so prompt and thorough as nature's pure remedy, castor oil. That's why doctors always prescribe it. Sold by all good druggists. If you want a castor oil absolutely without nauseating taste, insist on genuine laboratory filled bottles, plainly labelled Kellogg's Tasteless Castor Oil. Three sizes, 15c., 35c. and 65c. —(Adv't.)

FULL Automatic Starts and Stops Itself

Not Merely "Self Starting"

THE Matthews "Automatic Caretaker" requires no prompting from the human brain in the recharging of the storage batteries. Long before they are exhausted to the danger point the "Automatic Caretaker," of its own accord, automatically starts the engine recharging the batteries. And it automatically stops recharging when the batteries are full. A "self-starting" plant depends on some one's memory. The "Automatic Caretaker" can be obtained with

MATTHEWS
FULL AUTOMATIC
ELECTRIC LIGHT AND POWER PLANTS

When batteries are in danger of heating through overload the "Automatic Caretaker" instantly starts the generator which takes ALL the load. If the drain is still too heavy, the batteries are automatically "cut in" again and help the generator. Any plant that does less than this is NOT Full Automatic and is out of date the day it is installed.

Matthews rating is based on generator capacity. ALONG batteries being a reserve supply. Six sizes, \$45 upwards. Ask the Matthews dealer for Demonstration Booklet "A" Full Automatic—starts and stops itself—not merely self-starting.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus; instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

185 times - no difference!

Miss Betsy Lane Shepherd, famous concert soprano, has made this test 185 times. 185 public audiences, in 185 cities, have heard her compare her voice with its RE-CREATION by the New Edison. No one, out of a total of more than 100,000 listeners, has been able to tell when Miss Shepherd was singing, and when the New

Edison—except by watching her lips.

4,000 similar tests of direct comparison, made by over fifty other celebrated vocalists and instrumentalists, have given this same result.

The New Edison is perfect realism achieved!

What kind of music "gets" you?

Tell us—and we'll show you how all its emotional power is RE-CREATED by the New Edison

Is it the soulful violin?—a mellow contralto?—the scintillating flute?—a sweet, soothing tenor?—that draws the quickest emotional response from you.

Let us play your favorite voice or instrument in a new kind of Realism Test. See whether you are touched by the RE-

CREATED music in the same way that you are touched by the living music.

We want to show you that the New Edison RE-CREATES all the vital power in all music.

Remember what to ask for—"personal favorites" Realism Test!

The NEW EDISON

"The Phonograph with a Soul"

Perfect realism is your one vehicle to the inner joys of music which you crave.

Mr. Edison spent three million dollars in the research work which gave the New Edison perfect realism. He did this in order that the phonograph might transcend its former limitations and (here we quote Mr. Edison's own words), "bring into every American home, music so realistic and so perfect in its rendition as to be an unending source of benefit and pleasure."

The instruments which proved this perfect realism in Miss Shepherd's 185 tests were all exact duplicates of the original. Official Laboratory Model on which Mr. Edison spent his three million dollars. You can also have an exact duplicate of this three million dollar original. We have it in our store, and guarantee it to be capable of sustaining the same test of direct comparison.
